# WINDSOR DENIES NAZI AID

## McCarthy Says: 'Senate Method Is Red' Censure Would Aid Commies, Joe Claims

WASHINGTON (AP)—A revised resolution of censure and condemnation aimed at Sen. McCarthy was filed in the Senate Tuesday. McCarthy counter-attacked immediately with a charge that the Senate committee which drafted it was an "unwitting handmaiden" of the Communist Party.

The resolution was offered by an investigating committee headed by Sen. Watkins (R-Utah). It is based on the Wisconsin Republican's alleged defiance of a Senate Elections subcommittee in 1951-52 and his denunciation of Brig. Gen. Ralph W. Zwicker during an anti-Red investigation.

What threatens to be a long and angry debate on the resolution is scheduled to open in the Senate Wednesday.

Without waiting, however, McCarthy released the text of a speech he intends to make on the Senate floor. He suggested in it that the Communists would be the winners if he is censured. He charged that the Watkins committee "has done the work of the Communist Party."

Describing himself as "the symbol of resistance to Communist subversion," McCarthy asserted that "the nation's fate is in some respects tied" to his own fate.

Methods Imitated

During the course of the debate, he said in his prepared speech, he will demonstrate "that the committee 'not only co-operated in the achievement of Communist goals, but that in writing its report it imitated Communist methods—that it distorted, misrepresented and omitted in its effort to manufacture a plausible rationalization for advising the Senate to accede to the clamor for my scalp.'"

McCarthy asserted "the real strength of the Communist Party is measured by the extent to which Communist objectives have been embraced by loyal Americans."

"I would have the American people recognize and contemplate in dread," he said, "the fact that the Communist party—a relatively small group of deadly conspirators—has now extended its tentacles to that most respected of American bodies, the United States Senate, that it has made a committee of the Senate its unwitting handmaiden."

There were reports that friends of the Wisconsin senator might try to talk the resolution to death in the ensuing weeks, but McCarthy himself said he wouldn't favor a filibuster and would be surprised if one developed.

Dispute

Watkins introduced the revised censure resolution as chairman of the special committee of three Republicans and three Democrats which recommended unanimously that McCarthy be rebuked publicly for some phases of his official conduct.

The resolution is intended to replace the original censure proposal made last summer by Sen. Flanders (R-Vt.), which said: "The conduct of the senator from Wisconsin, Mr. McCarthy, is unbecoming a member of the United States Senate, is contrary to senatorial tradition and tends to bring the Senate into disrepute, and such conduct is hereby condemned."

The revised resolution, based on nine days of hearings conducted by the Watkins committee, is more specific.

It says McCarthy "failed to co-operate with the subcommittee on privileges and elections . . . in clearing up matters referred to that subcommittee which concerned his conduct as a senator and affected the honor of the Senate, and instead, repeatedly abused the subcommittee and its members who were trying to carry out assigned duties, thereby obstructing the constitutional process of the Senate, and that this conduct of the senator from Wisconsin, Mr. McCarthy, in failing to cooperate with the Senate committee . . . is contrary to senatorial traditions and is hereby condemned."

## Scotts Bluff Sheriff Backs Warden Hann

GERING, Neb. (AP)—Scotts Bluff County Sheriff Steve Warrick said here Tuesday that Warden Herbert Hann of the State Penitentiary at Lincoln is doing a good job and should be retained.

Warrick said he heard of a report criticizing Hann while at a state sheriff's meeting in Lincoln Saturday, and that the sheriffs present approved a letter to Governor Crosby urging him to proceed slowly in studying the report and making a decision.

"Personally," Warrick said, "because the report was made public after the election I think it has a political tinge. I know Herb Hann has done a good job while he has been at the prison and I think most sheriffs in the state will agree with me."

Warrick, who acts as jailer for more prisoners in the state than does any county sheriff outside Douglas and Lancaster counties and who makes frequent trips to the prison, said that Hann's critics probably based their findings on conversations with "some people in prison who were not in there because they are the most honest people in the world and in fact were trouble makers to start with."

"From a security viewpoint, which is important," Warrick said, "Hann has done an excellent job. Convicts walk away from farms, but there are no breaks within the prison."

Warrick said the State Sheriff's Association has asked Governor Crosby that it be permitted representation at any hearing conducted at the prison administration as a result of the report.

## Bohlen Is Defended By Dulles

### Envoy Criticized By Senators For Going To Russian Celebration

By J. W. DAVIS

WASHINGTON (AP)—Ambassador Charles E. Bohlen drew senatorial criticism Tuesday for attending a big Russian celebration in Moscow after Red planes shot down an American photo bomber north of Japan.

Sen. Knowland of California, one of the leaders in the fight for Bohlen's confirmation in March of 1953, told the Senate he was "deeply shocked."

Sen. Bridges (R-NH), who opposed the confirmation, also deplored the ambassador's going to the Red party at such a time.

However, Secretary of State Dulles told his news conference Bohlen had incomplete information on the shooting, and didn't even have that until a few minutes before time to leave for the celebration Sunday night.

Called Understandable

Dulles said Bohlen's decision to attend was "understandable under the circumstances, whether or not with more leisure to think about it, one would agree or disagree."

The secretary commented that Bohlen had to make up his mind without time for a full evaluation and without guidance from Washington. He added in passing that it would have been improper for Bohlen to discuss the plane incident with Premier Malenkov without instructions from Washington.

"He had to make pretty much of a hair-trigger decision on the basis of incomplete data," Dulles said he prepared the American note to Russia, demanding "moral and material reparations" for the shooting, after talking with President Eisenhower. He said the significant fact about the Russian note, which apparently crossed his in transit, was that it sought primarily to justify the incident by claiming the American plane shot first.

## Who Wants To Go To Miami?

Tuesday was one of those days when the most popular greeting is, "Nice day today, isn't it?" It was also one of those days that hike Nebraska's Orange Bowl and a sunny-trip-to-Florida fever. In fact, the temperature reached 69, almost a record high. So we thought this picture of a girl drinking up the sun and some orange juice through a straw would be appropriate. But who wants to go to Miami with days like this and scenery like this right here in Lincoln? The girl, who is as pretty as a picture, is Sandra Ledingham of Lyman, a University of Nebraska coed (Star Photo.)

## Duke Says He Gave Germans No Help In War

### ...Charge Of Count, Long-Dead

LONDON (AP)—The Duke of Windsor denied sharply Tuesday night the implication of newly publicized letters from a Nazi espionage chieftain, long-dead, that they had contact in the "phony war" period of 1939-40.

The duke, the former King Edward VIII, said he had no contact whatsoever with the Nazi, Count Julius von Zech-Burkersroda, one-time German minister to the Netherlands.

He voiced his denial upon arriving from Paris a few hours after wartime German foreign policy documents printed by the British government were made public.

The documents contained letters by Count Zech-Burkersroda describing the duke as being disgruntled with his relatively minor post as liaison officer between the French and British forces. Another letter referred to statements purportedly made by the duke about Allied defense plans in 1939-40, covering a period of "phony war" inactivity on the Western front. The German said he had "certain lines leading to the duke," recounted what he said were some of the duke's opinions about the war and said he hoped to establish contact with him.

Released To Press

The wartime documents were published some time ago by the British Government Stationery (Printing) Office, but were released to the press only Monday night. From time to time, the government publishes documents concerning the war years and this is the latest in a series.

The Nazi minister to the Netherlands was writing to his superior, Baron von Weizsaecker, then state secretary at the German Foreign Ministry, and now dead.

Through his lawyer, Windsor said he never "met or had any communication with Count Zech-Burkersroda." His denial went on: "The suggestions affecting the duke in the letters are completely without foundation. In particular, it is absolutely untrue that he discussed the alleged Allied war plans, as stated in the second of the letters."

The German, "Zech" as he

Windsor

## Crippled Airliner 'Talked' In

CHICAGO (INS)—A crippled American Air Lines plane carrying 43 persons crash-landed safely late Tuesday at Glenview Naval Air Station north of Chicago after circling the area for an hour and 15 minutes with a jammed landing gear.

No one was injured in the emergency landing. One man cut his finger slightly as he left the plane through an escape hatch.

The plane, a Convair flying from Fort Worth, Tex., to Chicago, kept circling above the Chicago area until its fuel supply ran dangerously low and the pilot was "talked down" by a Navy plane flying alongside.

The Glenview control tower said the pilot, Capt. Hugh C. Barron of Tulsa, Okla., set the craft down by using the left landing wheel and the nose gear. At the split-second before touching ground, the pilot tipped the plane to the right and let the right wing act as "landing wheel" and brake for the big craft.

Governor's Wife

Passengers began pouring out of the ship immediately.

The plane was carrying 40 passengers and a crew of three. Among the passengers was Mrs. William G. Stratton, wife of the Illinois governor.

The airliner had stopped at Springfield, Ill., and Peoria on its flight to Chicago.

The pilot circled between Chicago's Midway Airport and the Naval station, some 15 miles to the north, for almost an hour as he tried to work his jammed gear mechanism free.

## Both Anderson, Crosby Speak At Meeting

The governor and governor-elect made a special appearance Tuesday afternoon before members of the outgoing Legislature sitting this week as the Legislative Council.

Gov. Robert Crosby said he thought the Legislature had given "a fine performance through the recent tax difficulties."

He added he now is "less sure" that the Legislature was wrong when it differed with him on some points at the regular session 18 months ago.

Co-operation Pledged

Gov.-elect Victor E. Anderson of Lincoln followed Crosby with a pledge of co-operation with the Legislature.

"I feel Nebraska is in the gateway to a great future," he added.

Crosby returned to the microphone at the speaker's stand to tell the Legislature he considers his successor "as well-intentioned and well-equipped a governor as Nebraska has ever had."

Anderson expressed appreciation for help Gov. Crosby is giving him as he prepares to take over the reins in January.

## Reclamation Men To Pick Lincolnite

From Press Dispatches

PORTLAND, Ore.—A Lincoln man is expected to be re-elected president of the National Reclamation Association Wednesday as the organization closes its annual meeting. And the convention, in its closing business session is expected to name Lincoln, Neb., as the site of next year's annual meeting.

(Another story on the meeting on Page 8.)

## Demos Launch Stall Plan On Dixon-Yates

### Senate Democratic Leader Hopes Contract Will Have 'Quiet Burial'

WASHINGTON (AP)—Democrats on the Senate Atomic Energy Committee launched a maneuver Tuesday night to head off the signing of the controversial Dixon-Yates power contract until after the 84th Congress meets in January.

And Senate Democratic Leader Lyndon Johnson of Texas voiced a hope that the contract will have "quiet burial" in the new Congress which his party will control. However, the two senators from Arkansas called for a go-ahead on the contract, which they declared is "entirely justifiable."

A well-placed Republican leader said meanwhile that the Eisenhower administration would not retreat from its endorsement of the deal. But speculation has developed, he added, about whether the Dixon-Yates interests will want to go through with it now that it has developed into such a hot political issue.

In Atlanta, however, E. A. Yates, board chairman of the Southern Co., one of the two companies in the Dixon-Yates group, indicated his company was still ready to sign.

'Public Interest'

"We believe that this proposal is in the public interest," he said in a statement. "Responsible representatives of various government agencies have stated that it is in the public interest. Certainly it is not in the public interest to continue to delay."

The Atomic Energy Commission has indicated the papers will be signed Thursday.

The fight over postponement heads toward a showdown at a closed-door committee session Wednesday morning.

Sen. Pastore (D-RI) sounded the call for it with a resolution which.

## Solon Council Accepts Seven Of 20 Reports

By ARCH DONOVAN  
Star Staff Writer

The Legislative Council at its biennial meeting starting Tuesday discussed and accepted seven reports of the 20 ordered. The meeting recessed until 10 Wednesday morning. It is expected the Council will be in session all week.

In addition to the Legislative Council, which consists of all members of the Unicameral, newly elected members were invited to attend and most of them came to familiarize themselves with procedures and meet old members.

Among the new members attending were: Don Thompson, McCook; Robert Perry, Lincoln; LeRoy Bahensky, Palmer; A. W. Swanson, Holdrege; Norman A. Otto, Kearney; George Hoffmeister, Imperial; Arnold Ruhnke, Plymouth, and William Metzger, Cedar Creek.

Wilson Named

The Council voted to employ John J. Wilson at \$1,000 a month starting December 1 as bill drafter. The Lincoln attorney has served several sessions as bill drafter. They also confirmed selection of Dr. Jack Rodgers as successor to the late Dr. Roger Shumate as research director. Rodgers is in the political science department of the University of Nebraska.

The opening session spent considerable time after being called to order by President Harry Pizer in discussing whether acceptances of the reports would place the members on record as favoring the recommendations. It was decided action implied no promise of support.

The reports accepted, which have previously been released for public scrutiny included:

Laws pertaining to sewage treatment and disposal as related to water pollution. Sen. George Syas, chairman.

Banking facilities for small communities. Sen. Ralph Hill, chairman.

Development and administration of state parks. Sen. H. K. Diers, chairman.

Problems arising out of boundary changes between Iowa and Nebraska. Sen. Charles Wilson, chairman.

Reorganization of school districts. Sen. Ralph Hill, chairman.

Desirability of placing public school teachers under the federal Social Security program. Sen. Hal Bridenbaugh, chairman.

Laws pertaining to motor vehicle operators' licenses. Sen. Dwight W. Burney, chairman.

The report receiving the most discussion Tuesday was the one on laws pertaining to driver's licenses.

The committee headed by Sen. Dwight Burney of Hartington recommended more driver training in the schools and advocated re-examination of all drivers every five years, before their licenses are renewed.

The report proposes raising the driver's license fee from \$1 to \$2, with the added revenue being used to provide state aid for driver training in high schools.

The report was accepted with only a dissenting vote or two.

## Engine, Car Crash Hurts John Hinkle

A C.B. & Q. switch engine collided with a car Tuesday evening between 5th and 6th on A sending the car driver, John Hinkle, 56, of 804 Hayes to St. Elizabeth's Hospital with a skull fracture and multiple lacerations.

Hinkle, a truck driver was reported in "poor condition" at St. Elizabeth's Hospital early Wednesday morning.

The truck driver told police that he did not remember seeing anything. The train crew on the switch engine which was pulling no cars told police that they stopped back of A street when they saw a truck speeding down the road so fast they were afraid the engine might collide with it.

After the truck passed on the railroad crossing, the switch engine was started, only to collide with the Hinkle car. The crew told police that the car appeared out of nowhere.

Police said that Hinkle was traveling west on A when his car collided with the middle of the switch engine. The engine was going north on the tracks.

The car was demolished. A brake air line was broken on the engine, police said, and a tank on the side of the engine was dented.

Engineer B. A. Wright, 35, of 410 So. 30th and Fireman Kermit Severin, 39, of 2200 So. 37th were on the engine at the time of the accident.

## Showers May Dampen East

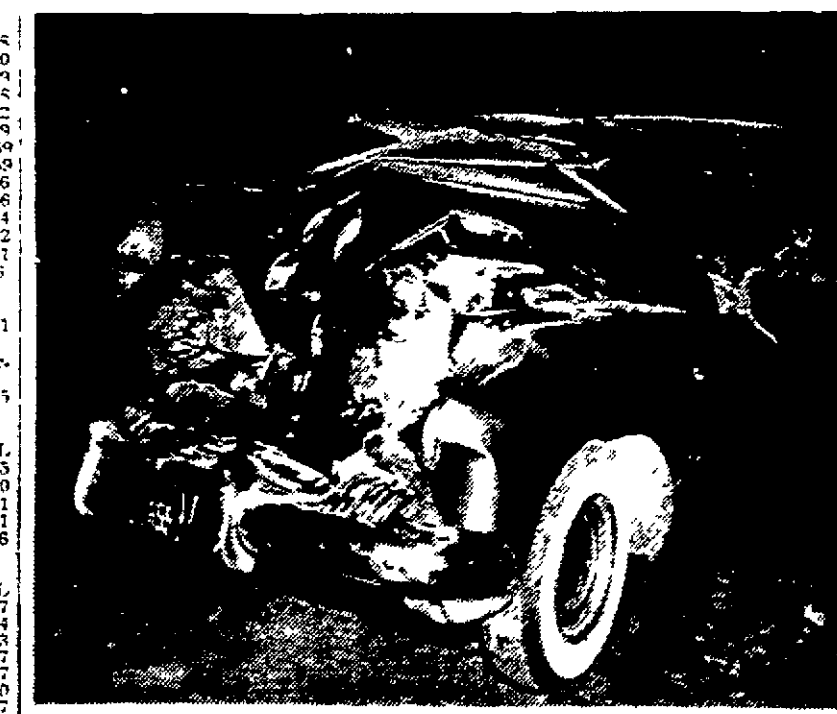

Scattered local showers in northeastern and extreme eastern Nebraska Wednesday and Wednesday night appear to be the only break likely in Nebraska's interlude of pleasant autumn weather.

The Weather Bureau says little temperature change is probable through Wednesday, with generally fair skies predominating in the west.

The mercury is expected to rise into the 60s Wednesday over the state.

The five-day forecast says precipitation during the period will range from one-half an inch or less in the east to one-tenth of an inch in western sectors.

Temperatures are expected to average 5 to 10 degrees above normal. Normal minimums are in the 20s, maximums in the 50s.

### Car Damaged In Collision With Engine

John Hinkle, 804 Hayes, was injured seriously when this car, which he was driving, was involved in a collision with a Burlington switch engine at the crossing between 5th and 6th Streets on A. (Star Photo.)

## Toronto Pipe Line Co. Requests Rate Schedule

Toronto Pipe Line Co. Tuesday asked the Railway Commission to establish a rate for transporting oil through its gathering system in Cheyenne County.

The company proposes 10 cents per barrel of 42 U.S. gallons. Hearing on the request is set for Dec. 3 in Lincoln.

# Mendes-France Winner, 320 To 207

## Long Fight On Budget Lies Ahead

... Confidence Voied

PARIS (U-P) — Premier Mendes-France won a vote of confidence Tuesday from the French National Assembly, opening the way to what may be a long, hard battle over the budget for 1955.

The vote was 320 to 207, the smallest he has received, but it was another victory for Mendes-France before he leaves on a trip to the United States for talks with President Eisenhower.

The main opposition consisted of an unusual and largely accidental alliance of the Communists and Catholic Popular Republican Movement (MRP).

**9 1/2 Billion Budget**  
The budget amounts to about 9 1/2 billion dollars. This is \$1,220,000,000 less than the estimate for the current year, but many of the deputies want greater spending — not less.

They particularly want more spent on wage increases and pensions in the Communications Ministry, the subject of Tuesday's vote.

The government's victory was on a question of procedure. It rejected a committee report that called on Mendes-France for new and increased estimates. He told the assembly this was only a way of getting around the constitutional provision that bars proposals of new spending while the budget is under discussion.

**Leaves Soon For U.S.**

Tuesday's vote indicated that a majority of the Assembly would not contest his argument, at least not to the point of voting him out of office four days before his scheduled departure for a visit to the United States and Canada.

There are 627 seats, and it would have taken 314 deputies — one more than half — to force his resignation.

Comparatively little interest was shown in the vote. Only about 200 deputies showed up for the short discussion that preceded it. The rest left proxies.

## Dr. Peterson Head Of Music Teachers

Dr. James B. Peterson of Omaha Tuesday was re-elected president of the Nebraska Music Teachers Association at the group's two-day convention.

The new vice president is Dr. William Boehle, Chadron. Mrs. Shirley Schafer, Hastings, was named secretary and Miss Grace Finch, Lincoln, treasurer.

The closing day's program included forums on a number of music matters and a noon luncheon which featured the playing of the Beethoven Trio, Opus 97, by Marilyn Schultz, Joan Szydlowski and Carol Puckett. The morning forum meeting on piano also heard a piano recital by John D. Blyth.

Concert Star Steps From Plane

Nadine Conner, opera star from Los Angeles, Calif., arrives in Lincoln for her appearance at the first concert of the Lincoln

Symphony series Tuesday night. Galen Lurwick (center), her accompanist, and Del Lieneman, who greeted her, are also shown. (Star Photo.)

## Nadine Conner Is Brilliant Opener For Concert Series

By RUTH ARDIS

Miss Nadine Conner, famous soprano of the Metropolitan, provided a brilliant opening concert for the Lincoln Symphony Orchestra Association Tuesday night. A capacity crowd showed its enthusiasm for Miss Conner's performance by its rapt attention and enthusiastic applause.

The first part of the program digressed a bit from the usual to include several works in English. The dramatic intensity of Beethoven's "The Heavens Are Telling" and two selections from "L'Allegro" by Handel was accentuated by the perfect diction which characterized the entire concert. An aria from "La Sonnambula" by Bellini showed the flexibility and beauty of Miss Conner's voice in a role which was a favorite of the great Adelina Patti.

Well-Chosen

A group of short songs by Chopin were well-chosen to display the artist's vocal technique in portraying varied moods. Following an aria from the opera "Rusalka" by Dvorak, Miss Conner responded with an encore "Songs My Mother Taught Me" by the same composer. Both were filled with a plaintive intensity which held the audience. The "Jewel Song" from Faust, a showpiece for all sopranos, completed the group.

Following the intermission, the accompanist Gale Lurwick, presented a group of three piano solos of which the "Nocturne" by Respighi was perhaps the most effective from the listener's standpoint. Mr. Lurwick provided sympathetic accompaniments throughout the program.

The usual group of art songs was replaced by four interesting selections by Canteloube and Obadadors—composers who are virtually unknown to our concert audiences. For an encore, Miss Conner sang a short humorous aria from the new version of "Die Fledermaus" which will be presented in English at the Metropolitan this fall.

**\$39,556 Grace Lutheran's New Budget**

A total budget of \$39,556 was approved and three members elected to the board at the fall meeting of Grace Lutheran Church Tuesday night, Pastor Leon Leshner reported.

The three elected to the board for three years are Roy Bitler, Elmer Block and Edgar Decker. The retiring members of the board were Charles Schultz, D. W. Warrent and L. T. Locken.

In the budget, some \$19,000 was allotted for current expenses, \$9,400 for benevolences and \$10,500 for debt retirement.

Reports on other phases of the church's activities will be heard in January.

A 7 time Journal and Star Want Ad is always most effective and costs less in the long run. Place your ad for 7 days, then when you get results, cancel it and pay only for the number of days that it runs. It is easy and inexpensive too. 10 words 7 days only \$2. Phone 2-3531 or 2-1234 for a trained, courteous "Ad-Visor."

**State Teacher Colleges Ask \$3,624,265**

The four state teachers colleges are requesting \$3,624,265 from tax funds for the next biennium, E. Albin Larson, secretary of the Normal Board said on submitting the request to the governor Tuesday.

This is a 20 per cent increase over the last biennium, Larson said, and is occasioned by a 24 per cent increase in enrollment plus other higher operating costs. The increase by colleges ranged from 17 to 29 per cent.

"The average base salary of approximately \$4,200 for the faculty is insufficient to keep qualified teachers and each year the turnover is far beyond the average of schools of this type," Larson said. "Salary increases are necessary to hold the present faculty and to attract new replacements."

It is estimated that fees and cash receipts will provide an additional \$1,284,663 and that non-operating income from cafeterias, dormitories, etc., will be \$1,245,368. Building funds are expected to total \$1,200,000 making the total appropriation requested \$7,354,297.

Amount of total receipts for the present biennium is estimated at \$6,904,751. Enrollment at the four colleges is Chadron 401, Kearney 814, Peru 336 and Wayne 769.

**175 Celebrate NU Ag YWCA's 100th Year**  
More than 175 persons were on hand Wednesday night for the University of Nebraska Ag YWCA's celebration of the 100th birthday of the national YW.

Guests included members of the Ag YWCA, the advisory board of the YW and faculty members. A membership service was held for the YW members.

Mrs. Wallace Barnett of 2218 Sheldon reported the break-in to police. Whittier School is at 22nd and Vine.

Entrance to the school was gained by prying open a door on the west side of the school.

**Whittier Jr. High Safes Battered**  
In an apparent display of juvenile vandalism, two safes were battered at Whittier Junior High School with damages resulting close to \$100 and loss set at \$19 in change.

The only safe entered, the one in the school's office, yielded the \$19. Police termed the safecracking an "amateurish" job which had been worked at almost all night.

Several tools, including drills and a hacksaw, were reported missing from the janitor's room downstairs. A radio valued at \$4 was reported stolen, according to Principal E. G. Priefert.

Mrs. Wallace Barnett of 2218 Sheldon reported the break-in to police. Whittier School is at 22nd and Vine.

Entrance to the school was gained by prying open a door on the west side of the school.

## Adlai Says Democrats 'On Trial'

LIBERTYVILLE, Ill. (U-P) —Adlai E. Stevenson said Tuesday that "winning control of Congress has put the Democratic party on trial."

Stevenson, the 1952 presidential candidate told an interviewer he has no fears as to the outcome of that trial as it will be determined by the 1956 elections.

"The record of the 84th Congress and the Democratic members of it must certainly have an effect on the elections two years hence," he said. "But, as one who has faith in the party, I decline to worry about the conduct of its representatives."

Stevenson declined discussion of his own role in 1956 Democratic affairs. He was an active campaigner this year for Democrats seeking election in races for Senate and House seats.

**One Speech**  
Stevenson said he has been resting from campaign activity at his Libertyville home, having made one speech since election.

"That was the dedication of our new Libertyville High School building," Sunday, he said.

Stevenson spent some time Tuesday posing for a portrait which is being made for the gallery of governors in the Illinois statehouse at Springfield.

He said he plans to go to Southern Pines, N.C., in a day or so for a week's vacation with his sister and brother-in-law, the Ernest Ives.

## State Teacher Colleges Ask \$3,624,265

## Gonorrhea Case Rise Here 'Small Epidemic'—Dr. Googe

By ROY CAMPBELL  
Star Staff Writer

The City-County Health Department has reported the incidence of gonorrhea has risen sharply during the past few weeks in Lincoln.

Dr. James T. Googe, director of the department, said in a letter to doctors in the county, "There is good reason to believe that only a fraction of the cases diagnosed or treated have been reported."

"It is the hope of this Department," Dr. Googe stated, "that we will be able to successfully combat the small epidemic of gonorrhea now evident in the community, and control it in order that Lincoln may continue to be known as a city relatively free of venereal diseases."

The City-County health director gave no apparent reason for the

"small epidemic" reported in evidence in the country. Special investigators with the United States Health Department are studying the Lincoln conditions.

According to statistics kept at the Statehouse, there were a total of 55 cases of gonorrhea reported through October for 1954. For the same period in 1953, there were 17 cases reported.

Dr. Googe said cases of reportable infectious diseases, including gonorrhea and tuberculosis, should be made known to the City-County Health Department under a recent revision of regulations. Previously, cases involving gonorrhea and other venereal diseases were mandatorily reported to the State Department of Health.

In his letter to county doctors, Dr. Googe asked that in the future all cases of reportable diseases, which were outlined in the letter, be reported to the City-County Department.

The health director asked for the step-up in reporting because "any effort to control venereal diseases... is dependent upon competent and accurate contact interviewing of the infected case." This is necessary, he said, in order to bring to examination and treatment the contacts of the case who may represent the source of spreads of the particular case.

There was no appreciable or comparative rise in the cases reported of syphilis infection, although these have increased slightly.

## No Venereal Cases Traced To Lincoln, Says AF Report

Members of the newly formed Armed Forces Disciplinary Control Board were told Tuesday that "not one exposure of venereal disease among Air Force personnel has been traced to Lincoln."

The board was set up to discuss mutual health and welfare problems at four midwestern air bases—Lincoln AFB, Offutt AFB, Ellsworth AFB, Rapid City, S. D., and the Sioux City, Ia., AFB.

Lincoln's air force representatives to the board are Col. Charles E. Englehart, base surgeon, and Maj. Omer Headrick, base provost marshal.

Attending the meeting were local medical and law enforcement officials.

## Sen. Carmody Suggests State Penal Head

Sen. Arthur Carmody of Trenton, chairman of the outgoing Legislature's budget committee, suggested Tuesday that a director be employed for the state's penal and mental institutions.

Referring to the report released Saturday by the governor's committee on penal institutions critical of penitentiary operations, Carmody said "responsibility for the situation rests on the Board of Control."

"It isn't a question of funds, it's a question of administration," he declared. The board is appointed by the governor.

The citizens committee's report held that the penitentiary is open to "real criticism," that there should be a change in the institution's administrative officers; charged brutality toward prisoners and faulty handling of the narcotics problem, and recommended elimination of the "hole" or prison jail.

Meanwhile, Carmody noted a new \$335,000 minimum security building or "dormitory" has been built for trusty prisoners and nearly \$600,000 altogether has been spent at the penitentiary out of the \$8,660,000 coming to the Board of Control out of the 1.1 mill building fund levy set up seven years ago.

Carmody said the Board of Control has authority to place a director in charge of penal and mental institutions and pay a salary high enough to attract a competent person. One director for penal institutions and another for mental institutions would be even better, he suggested.

The committee report on the penitentiary was a favorite subject of discussion among the Senators on hand.

Some were inclined to believe that the report was overdone. "I don't think it's as serious as that although they do have some problems," commented Sen. Dwight Burney of Hartington.

Sen. Hal Bridenbaugh of Dakota City indicated a similar view. The committee will meet with the Board of Control, perhaps next week, to study the situation.

## News Around The Globe

### Code Of Ethics

WASHINGTON (INS) — Sen. Arthur V. Watkins (R-Utah) formally introduced a resolution designed to establish a so-called "code of ethics" for congressional investigations.

Among other things, the resolution is aimed at preventing one-man committee inquiries such as have been conducted by Sen. Joseph R. McCarthy. (R-Wis.).

### Eight Dead

MANILA (Wednesday) (U-P) — Slow reports from outlying provinces today carried the toll of Monday night's devastating typhoon to at least eight dead and 34 missing. Much of northern Luzon still was isolated and the toll was expected to rise as communications are restored.

### 4 Cars Stripped

The stripping of four cars while parked at the State Fairgrounds Monday night is being investigated by the Sheriff's office.

H. L. Bowen of 3320 W reported four chrome wire spoke hub caps valued at \$67.50 were taken from his car. Three ripple hub caps worth \$12 were taken from the car owned by Rodney Young of 2907 So. 12th.

Mrs. John Chance of 1500 P reported a ventilator window on her car was forced to gain entrance and sun glasses, a half-box of shotgun shells and some tools were missing.

A cushion pad and felt hat were removed from the car belonging to Evan Hartman of 3900 Apple.

# 500 Expected At Rotary Meeting

## Colorado Chief Justice Sunday Guest Speaker

Rotary International will hold its 177th District conference meeting in Lincoln Nov. 14th and 15th at the Cornhusker Hotel. Approximately 500 are expected to attend the general sessions and two convention banquets.

Present governor of the District is Henry F. Schepman of Falls City.

The two-day conference begins Sunday at noon, with registration. Featured speaker at the afternoon session Sunday will be Charles N. Cadwallader, past district governor of Lincoln, who will talk on "Our Golden Anniversary Year." Welcome will be offered by Herbert Heumann, president of Northeast Lincoln Rotary.

A "Friendship" banquet will be held Sunday evening and will feature an address by Chief Justice Mortimer Stone of the Colorado Supreme Court. Justice Stone will speak on the "Spirit of Rotary."

**Robbins To Speak**

Al Sorenson, past president of Omaha Rotary and W. A. Robbins, past District governor of Lincoln,

will give morning addresses at the Monday morning meetings. The noon speaker will be Harry F. Russell of Hastings with an address on "Rotary."

Mayor Clark Jeary of Lincoln will extend the welcome to the conference Monday morning.

New Rotary clubs will be recognized Monday afternoon, along with an address by Dr. A. Leland Forrest, chancellor of Nebraska Wesleyan University. Dr. Forrest will speak on "Rotary Service—Verbal or Vital."

Monday's evening session will be highlighted with an address by Dr. Robert Patterson, dean of the College of Arts and Sciences at the University of South Dakota at Vermillion.

## Civil Defense, Smoke-Eaters Learn How To Fight Atomic Weapon Blazes

Civil Defense and fire-fighting officials from five states met here Tuesday to discuss and learn techniques to be used in combating blazes started by atomic weapons.

Conservation of water and its maximum utilization are "of prime importance in fighting such fires," Lloyd Layman of Battle Creek, Mich., director of the National Civil Defense Fire Office, told the group.

Representatives are from the Sixth Civil Defense Region—Colorado, Missouri, Kansas, Wyoming and Nebraska.

**Fire Movies**

Layman showed movies of huge fires and methods of experimental extermination, in which "50 per cent or better" of the water was utilized to a maximum. Normally, only about 5 per cent of the water is used effectively, he said.

"We hope to come up with something good and concrete in the way of plans at this 'workshop,'" said Nebraska Deputy Civil Defense Chief Austin Bacon. "We're trying to work out the necessary coordination and cooperation right now."

Gov. Robert Crosby spoke to the group Tuesday morning, using the international situations as a background in explaining the need for an adequate Civil Defense fire plan.

**Atomic Fires**

At the afternoon session, E. C. (Buff) Iverson, Nebraska State Fire Marshal, acted as chairman of a panel discussion on "Atomic Fire Problems in Cities." Layman was the panel leader.

Wednesday, the officials will discuss the fire problems on a state-wide basis. Special attention will be given to a possible plan of shut-

tling fire-fighting equipment to disaster areas.

Other speakers Tuesday were: Maj. Gen. Guy Henninger, Nebraska Adjutant General and Director of the Nebraska Office of Civil Defense.

Ken Lake of Denver, Sixth Region public safety officer.

**Mrs. Ella Sjoquist Services Thursday**

The funeral of Mrs. Ella C. Sjoquist, 63, of 2515 D, who died Monday, will be at 2 p.m. Thursday at Wadlow's, the Rev. Lloyd C. Watt officiating. Burial will be in Lincoln Memorial Park.

Mrs. Sjoquist, came to Lincoln 25 years ago. She was a member of Christ Methodist Church.

Surviving are her husband, Carl Joel; a daughter, Mrs. Frances Zinke of Great Bend, Kan.; two sisters, Mrs. Ida Smith and Mrs. Rose Shiefelbein, both of Ithaca; brother, Roy Schneider of Fremont; and two grandsons.

**Mrs. Leona Bates Services Friday**

The funeral of Mrs. Leona Robinson Bates, 76, of 6017 Randolph, who died Tuesday, will be at 3 p.m. Friday at St. Matthew's Episcopal Church, the Rev. James L. Stillwell officiating. Burial will be in Wyuka.

Mrs. Bates was a member of St. Matthew's Episcopal Church, and was a resident of Lincoln for 56 years.

Surviving are her daughters, Mrs. Alice B. Kline of Lincoln and Mrs. Dorothy B. Kargo of Riverside, Calif.; brother, Edward Barton of Seattle, Wash.; and one grandchild.

For Easier Ironing...

### G.E. Steam and Dry Iron

This is the iron for you because it irons most fabrics without sprinkling, uses ordinary tap water, weighs only 3 1/4 pounds, switches from steam to dry at the flick of a button. Visualizer fabric-dial is at your fingertips with settings for all fabrics, even new synthetics!

17<sup>95</sup>

Take Your Mixer to the Food...

### G.E. Portable Mixer

So light and portable you'll take this mixer to the stove, to the table... wherever you need to use it, instead of taking the food to the mixer! Handy keyhole slot allows you to hang it on the wall, always within easy reach. Rubber base-guard saves wall from scratches. With sturdy heel rest you simply set your mixer like your iron when temporarily not in use. The Portable Mixer is power packed... yet weighs less than three pounds!

19<sup>50</sup>

Dial the "Shade" You Like with

### G.E. Automatic Toaster

This is the toaster with the simplest, most dependable, automatic toasting mechanism ever developed. 6 position control that lets you select any shade you like from light to dark. Bright, easy-to-clean chrome finish and modern styling add a look of luxury to any table. Toaster has extra high toast lift and snap-in, snap-out crumb tray!

21<sup>95</sup>

Two Appliances in One...

### Waffle Baker and Sandwich Grill

The G.E. Wonder Worker, with interchangeable grids, lets you bake golden-brown waffles or grill delicious sandwiches right at the table. So nearly automatic, you set the dial in front for any desired cooking temperature, your food will be done just to a turn with no worry on your part!

22<sup>50</sup>

Coffee As You Like It... Every Time

### G.E. Automatic Coffee Maker

The new G.E. Coffee Maker makes from 2 to 9 cups of delicious coffee just the way you like it. It's speedy, too. Brews 2 cups in less than 4 minutes, 9 cups in under 15 minutes. When brewed, coffee is kept at serving temperature. Speed-heats water for up to 14 cups of popular instant coffee.

29<sup>50</sup>

Mix Quickly... Mix Easily

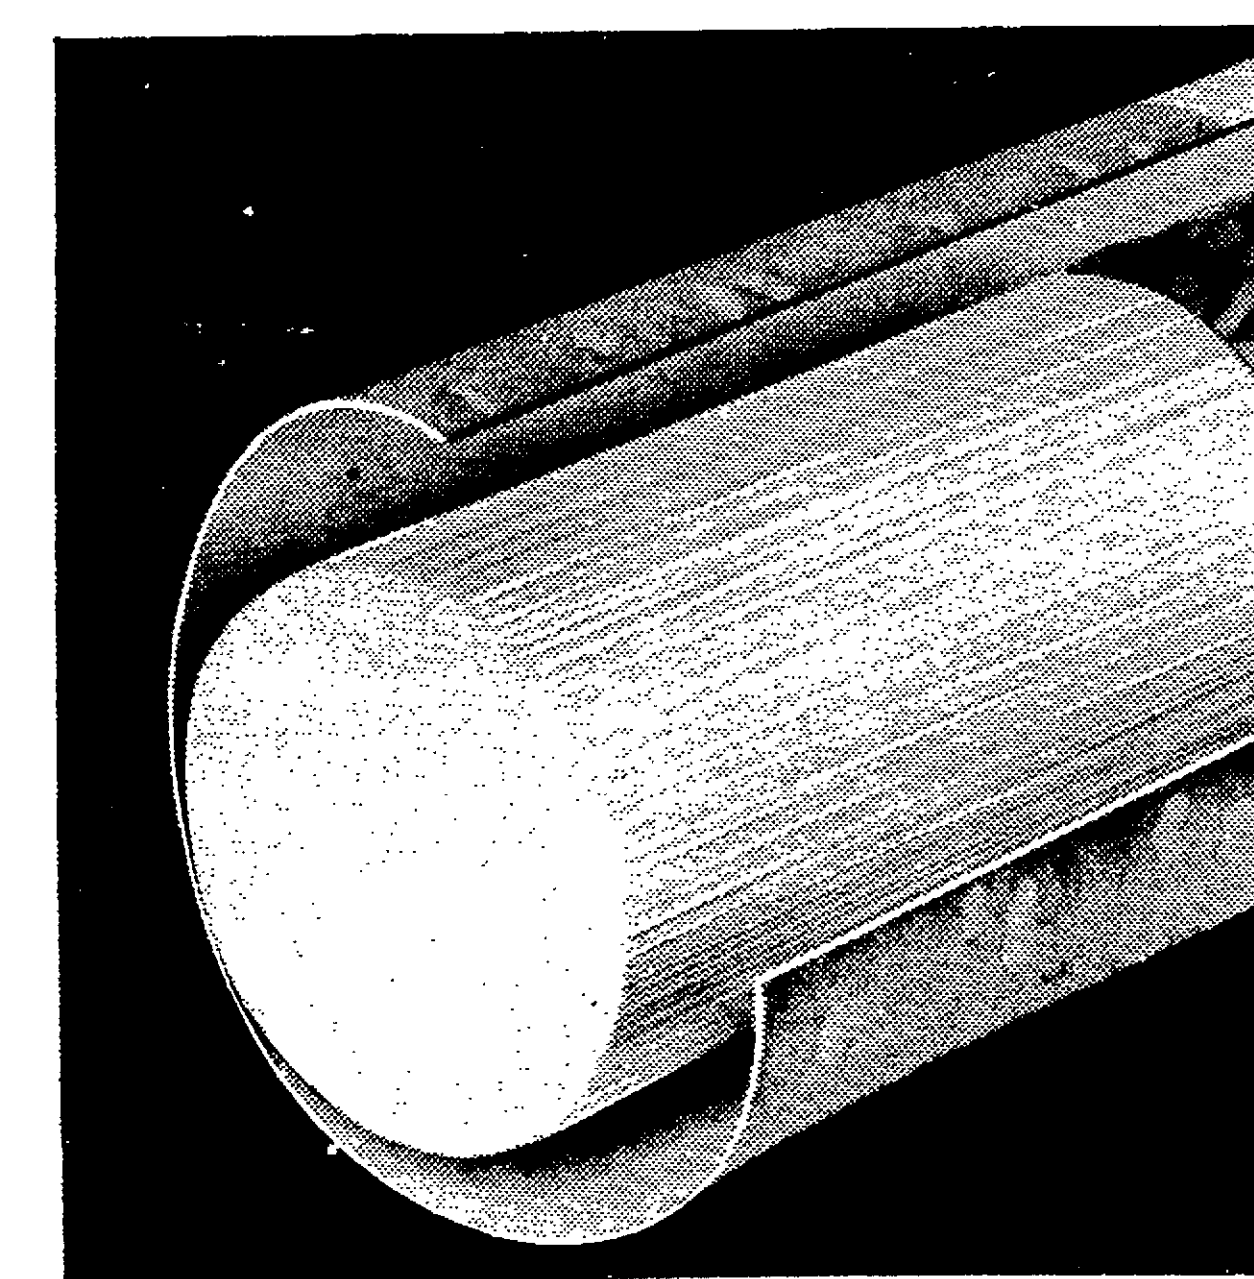

### G.E. Triple Whip Mixer

Three powerful beaters speed your mixing, save you time and effort! Speed Selector that is easy to reach, easy to read gives you instant fingertip control! Mixer includes juicer, new beater release and built-in light! All White baked enamel finish. You'll love the heavy duty, all purpose mixer for your every mixing need!

# MILLER & PAINE

Save Time AT THE CROSSROADS OF LINCOLN

# Justice Harlan

President Eisenhower has gone back to the cloistered atmosphere of the courtroom in selecting an appointee to fill the vacancy in the ranks of the justices of the United States Supreme Court caused by the death of Justice Robert Jackson. The President has chosen a New Yorker, United States Circuit Judge John Marshall Harlan, to succeed Justice Jackson, thus preserving a geographical distribution of the high court, not that it is of supreme importance. More important and greatly to be applauded is the fact that the President has returned to

the sound practice of selecting a man who has had experience on the bench—in Justice Harlan's case, not a protracted one, to be sure, but a man of sound scholastic background held in high regard by the legal profession.

Ahead of him, his grandfather served on the Supreme Court with great distinction for 34 years.

It is to be anticipated that confirmation of the new justice will come quickly as a matter of formality. Justice Harlan will strengthen and balance the court.

# Nebraska Board Of Control

It was the late Gov. John H. Morehead of Falls City who created the Nebraska State Board of Control. The developments which inspired Mr. Morehead to take that step are still vivid in the minds of Nebraskans with long memories. There had been a shocking mess at the Nebraska State Penitentiary.

Mr. Morehead felt and most Nebraskans agreed with him that the sound approach to institutional management was to take the institutions out from under the whimsical, uncertain and sometimes unfortunate atmosphere of partisan politics.

In the thickness of current controversial discussion on the administration of the affairs of Nebraska's penitentiary, it is well to remember that there has been a vast improvement in 40 years of Board of Control supervision. There have been an expansion and modernization of the physical plants, improved food, improved sanitation, and by and large, improvement in the day-by-day administration of prison management. It is important to recognize this, not because of any direct bearing upon current criticism of the Nebraska Penitentiary, but

simply to place Nebraska's handling of the criminal and lawless wards of the state in proper perspective.

Mr. Morehead was fortunate. In creating the State Board of Control, he was able to draft the services of extremely capable, experienced and far-sighted men—the late Henry Gerdes, former Supreme Court Justice Silas Holcomb, and still a third distinguished barrister. He had the late "Billy" Fenton to serve as warden, a great warden who knew when firmness and discipline were called for and who at the same time was one of the most gentle and understanding men this state has produced.

It is not so much the system that counts as it is those who make the system tick. A best system can backfire when those who administer it fall short of meeting responsibilities—even a poor system can prove reasonably effective under inspired administration.

Through the years, the Board of Control has done a good job. Its membership has seemed to be stronger on some occasions than on others. In recent years the board has seemed to bump into criticism more than its predecessors. Its burdens and its responsibilities may be heavier than in the earlier years. Certainly it could not spend money which it did not have for improvements.

The criticism of Nebraska Penitentiary administration voiced by a citizens' committee can be helpful.

It provides a basis for determining where Nebraska goes in the future—in short, for determining policy. Now all that is missing are the facts back of the current discussion and they shortly will be forthcoming.

## Subject Of Numbers

Red China has just finished a census and has announced a population of 602 million people. This is not an accurate figure because the census takers by their own admission counted only 574 million. The remainder are accounted for by estimates of population in remote districts not actually visited and also by counting in Chinese in other countries living under a dual citizenship status.

But nevertheless it is an impressive figure when one considers that the United States has a population of 160 million and England, not counting its self-governing dominions like India and Canada, has 139 million.

Politically it is an important figure, too, when one considers that the Chinese are Communist and go down the line with Russia which itself claims 200 million at home and an impressive number in satellite countries.

India which has 367 million and so far is playing neither side takes on new significance in a clash of interests in the East. Her 367 million in sympathy with the West could just about even up the population balance. But as a state with Communist sympathies she could just about finish off the West in any matter where manpower is paramount.

## Point Of Form

Democrats will give earnest thought to Republican suggestions that the work of investigating un-American activities now being carried on by House and Senate committees separately be consolidated into one joint committee.

Possibly some of the bad results of the past could be eliminated in a joint committee and certainly a streamlining from three into one could earn some savings.

But the criticism of the separate committees has not been one of form but of essence. The first and best thing the new Congress can do is to resolve that such committees confine themselves to investigating subversion rather than investigating anyone who is a political rival or someone they don't like. Once that first objective is zeroed in, streamlining, consolidation or other organizational questions can be dealt with.

## Hold Your Breath

A member of the British Parliament the other day asked a question of quite general interest. He asked if the bad atmospheric effects of firing off hydrogen bombs were cumulative; that is, perhaps, quite a number were touched off, the air we all breathe would not be unlivable. To which Prime Minister Winston Churchill replied that such fears were correct. The effect was cumulative. But Sir Winston, in the same breath, softened anxiety by the assurance that no manner of atomic air fouling would last more than 5,000 years.

# Revenge Technique Has Hurt McCarthy

WASHINGTON — The two factors which have hurt Joe McCarthy most during his acrimonious career in the senate are: 1, his attacks on members of the Eisenhower administration; 2, his vindictiveness against fellow senators who oppose him.

McCarthy's attacks on members of the Eisenhower administration have been well publicized. His technique of investigating those who oppose him is not so well known. But it has made Senate colleagues bitter. Here is part of the record:

Senator Symington of Missouri — When Symington persisted in digging into the reasons why Bon Surine was dropped from the FBI, a friend of McCarthy's approached Democratic senators on the McCarthy committee and warned that if this line of cross-examination continued, McCarthy would insist on publishing the police records of senators. This was aimed as Symington who as a youngster went on a joyride in a neighbor's car without bothering to ask permission and later pleaded guilty. The neighbor later wrote a letter pooh-poohing the incident, but it remains a matter of police record.

Senator Jackson of Washington — When Jackson asked searching questions of Roy Cohn, Cohn is reputed to have jostled him in the corridor and whispered: "want to get rough? We can get rough too." Surine then brought into the hearing room a file marked "Senator Jackson's record" and ostentatiously put it on the table where everyone could see it.

John L. McCloy — When McCloy, former high commissioner to Germany, now head of the Chase bank, instigated Eisenhower's book-burning speech at Dartmouth, McCarthy investigators turned up in Germany to probe McCloy's operations, even including whether Mrs. McCloy used her government car to buy groceries. McCarthy also accused McCloy of destroying records on

communists inside the War Department.

Sen. Robert Hendrickson of New Jersey — When Hendrickson signed the Senate subcommittee report condemning McCarthy's finances, McCarthy threatened to fight Hendrickson's re-election, called him a "living miracle . . . The only man in the world who has lived so long with neither brains nor guts."

Sen. Tydings of Maryland — When Tydings refused to confirm McCarthy's charges of Communists in the State Department, McCarthy raised money to defeat Tydings and circulated a fake picture of Tydings smiling at Communist chief Earl Browder.

Sen. Margaret Chase Smith of Maine — When Mrs. Smith signed the declaration of conscience indirectly criticizing McCarthy's behavior, he maneuvered one of his friends, Robert Taft, into running against her.

Strive Hensel, assistant defense secretary — When Hensel wrote a report on the Cohn-Schine attempt to browbeat the Army, McCarthy got hold of Hensel's income-tax returns and sent two investigators to browbeat Hensel's mother-in-law; even told her her daughter was in a hit-and-run accident in order to scare her into giving information.

Time Magazine — When Time published critical stories about McCarthy, he wrote every advertiser asking them to cancel their advertising; later secured for Postmaster General Summerfield the figures on Time's second-class mailing privileges and proceeded to cross-examine Summerfield in an appropriations subcommittee meeting in an obvious effort to undercut Time's mailing privileges.

Senator Hennings of Missouri — When Hennings served on the committee probing McCarthy's finances, McCarthy charged that Hennings had three Communists in his office. Hennings asked the FBI to investigate, disproved the charge. (Copyright, 1954, By Bell Syndicate, Inc.)

## MARQUIS CHILDS

# Lattimore Case A U.S. 'Cause Celebre'

(Editor's note: This is the first of several articles on Owen Lattimore, in which Marquis Childs will attempt to trace the history and appraise the significance of what may well become the most-celebrated cause in American legal history.)

WASHINGTON — For nearly five years the name of Owen Lattimore has been before the public accused of being a top Communist agent, a promoter of Communism, a subversive. Nothing like the Lattimore case, which has figured in lengthy and sensational Senate investigations, a major political campaign, and now with a charge involving the integrity of a federal judge, has occurred in America before.

Under a second indictment, after the key counts of the original charge of perjury were thrown out, Lattimore is due to go to trial Jan. 10. It promises to be a lengthy trial, ranging over the whole field of Lattimore's writings and statements measured against the government charge that he "promoted" Communist interests and "followed" the Communist line. His denial of the charge under oath before a Senate committee is the basis of the indictment. A postponement is likely on a government appeal from Federal Judge Luther Youngdahl's ruling that he was not disqualified by reason of prejudice to preside over the trial.

In February, 1954, Sen. Joseph R. McCarthy (R-Wis.) made his series of charges about Communists in the State Department—ranging from 205 down to 57. There was an almost immediate backfire when it was shown that the names were taken from a list prepared by a House committee and put aside after testimony by State Department officials showing the insubstantiality of the shotgun charge.

McCarthy went on to accuse Lattimore of being "the top Soviet agent" in this country, and thereby made new sensational headlines. Lattimore was in remote Afghanistan on a mission for the United Nations. He flew back to Washington demanding to be heard in his own defense. In the first of the crowded, tensely emotional hearings that have churned up public opinion on the issue of loyalty and Communists in government, Lattimore presented his refutation, including his record as head of the Walter Hines Page School of International Relations at Johns Hopkins University and as a scholar who had written widely on the controversial subject of Chinese-American relations.

The chairman of that first committee was Sen. Millard E. Tydings of Maryland. Tydings and the other Democrats, of whom the late Sen. Brien McMahon of Connecticut was one, found that McCarthy had perpetrated "a fraud and a hoax" on the American people and the Senate of the United States. Although the Republican minority was divided, they inclined to give their fellow Republican McCarthy the benefit of the doubts raised.

McCarthy in a sensational speech accused Tydings of a "whitewash." The Wisconsin senator took an active part in the Maryland campaign that fall which ended with Tydings' defeat. McCarthy was condemned later by a Senate investigating committee for "backstreet" tactics and the chain of consequences led more or less directly to his present plight, with a charge of censure to be voted on by the Senate.

The late Senator Pat McCarran of Nevada took up where McCarthy left off and summoned Lattimore to lengthy hearings, first in closed session with an interrogation which laid the groundwork for public hearings. The public session was preceded by the testimony of a number of witnesses, many of them ex-Communists, who charged Lattimore with sympathy for Communism or reported secondhand evidence linking him with Communist-dominated groups. Others were experts in the troubled Asian field who had sharply differed with Lattimore's view of events in China under the Nationalists and the Communists.

Yet, never at any time was any firsthand testimony developed to show that he had ever been a member of the Communist party, or connected with it in any way, or in any sense a "Soviet espionage agent." And it was certainly not for lack of trying, since Lattimore's whole life has been combed over by investigators for Senate committees and the FBI in countless hours of studying records, interviewing associates and keeping Lattimore and members of his family for long periods under direct surveillance.

Nor is the accusation of any Communist connection involved in the charge of perjury brought under a second indictment. It is because this promises to be a trial of Lattimore's opinions versus the opinions of witnesses presented by the government that there is growing concern that the right of free speech and free opinion is being encroached upon.

The second indictment of Lattimore was brought on the eve of the recent congressional election campaign. Particularly since the case figured so largely in the effort to defeat Sen. Joseph C. O'Mahoney in Wyoming, one of Lattimore's attorneys, it brought the charge that the Department of Justice under Attorney General Herbert Brownell Jr. is increasingly being used as an instrument of partisan politics. In this lies the peril of the precedent that would be established by the conviction of Lattimore technically for perjury but in reality for having expressed opinions considered unpopular or dangerous in their influence on policy decisions. Under another administration the Department of Justice could be used to prosecute others whose views failed to conform with prevailing line. Thus does all dissenting thought become suspect and the balance of forces—intellectual, moral, political—that gives self-government its strength is destroyed. ## Natural Resources

Lincoln, Neb.  
To the editor of The Lincoln Star: When Mr. Clarence Davis says, as he did in a Kansas City speech quoted in The Star, that the problem of our natural resources is "the most vital and complicated one facing the nation today," every thinking person must at least partly agree. Vital it is. Complicated it is also, although the present Republican administration seems bent on making it more complicated than it really is.

But when Mr. Davis says the federal government is no longer "able or inclined" to handle this problem alone, he brings up a very serious question. If our federal government, which acts as the agent of all our 150 millions of people, is not "able" to handle the problem, then who is?

Granted that the present administration is not "inclined" to handle the problem. But the administration's inclinations are not necessarily in the interest of the people. The battle now being fought over our public resources, particularly our power and irrigation potential, is one which will vitally affect our nation's future. If our national government continues its present policies of worrying principally about the balance sheets of the private power combines, the people can expect our resources to be developed for the private profit of a few.

It is to far bigger men than Clarence Davis that our people owe a debt for the creation of great and forward looking projects like TVA, the Missouri Basin projects and the great dams of the Columbia River basin. Those works have added immensely to the total wealth and well-being of our nation. What we need in Washington, Mr. Davis, are more men like our own late great Sen. George W. Norris, men with big minds who can help our government to see that our public resources are developed in such a way that they enrich the nation and help all the people.

The administration has cut back on the development of our public resources on the excuse that the expense is too great. And then they have cut the taxes of the corporations and the coupon clippers, but not of Mr. Average American.

We need in Washington, guiding our nation's policies, people who can see over the balance sheets far enough to know that public investment in development of our natural resources can lead to a richer and a better America. To say that our national government is not "able" to do this is to think in small terms, in terms of the dark, dim past, before we knew what enormous wealth could be created through a TVA or a Columbia or Missouri Valley development program.

What we need in Washington, Mr. Davis, are people who are "inclined" to fashion our national government into an instrument for the benefit of the whole nation.

W. T. DAVIS

## Prison Report

Shelby, Neb.  
To the editor of The Lincoln Star: Congratulations on your "Nebraska Prison Report" (Lincoln Star, Nov. 8). The people of Nebraska are asking for this. I've heard them express disappointment over the absence of such editorials when they thumbed the pages of Nebraska newspapers.

A newspaper can be more than a medium for news. It can be the most effective means by which the people of the state can get something accomplished!

Keep up the good work.

A NEBRASKAN

☆☆☆

## The Loser

Lincoln, Neb.  
To the editor of the Lincoln Star: Whoever won the elections in Nebraska, the schools surely lost them and in a big way. The voters could not have treated the schools of the state more roughly if they had singled them out for hostile attention.

Their vote on the constitutional amendments has precluded the schools from sharing the benefits of either a sales tax or an income tax. They have also continued to narrow the base on which school taxes may be levied by permitting the Legislature to exempt household goods and personal effects from taxation.

They have authorized an appointive board to administer educational lands and funds. "This will throw the question of school land rentals into politics in a big way. Every gubernatorial candidate will be asked to declare himself during the election and he will know that a solid block of fiercely interested people are hanging on his words when he speaks. Of course, this amendment to the constitution is only permissive but it will naturally come before the Legislature with the blessings of the voters.

The last Legislature cut assessed values so the mills levied have been forced sharply upward. The lowered automobile tax alone was a heavy blow. The cumulative effect of all this "tax reform" certainly makes the school outlook here in Nebraska increasingly bleak.

During the tough times in the 'thirties we were too poor in Nebraska to do much school building except for a flurry of aid from the federal government as a part of the recovery program. During

the war we couldn't get the materials and since the war we don't seem interested. Right now the state is paying a smaller per cent of its income for schools than ever before in its history.

Nebraska schools must have money and lots of it if they are to educate the tremendous flocks of children who are crowding to their doors. As it is our schools that are rapidly slipping behind in the march of progress. Nebraska is nearing the bottom of the class of '48.

For 25 years Nebraska school people have been calling for a broader tax base to support the schools. They have particularly favored a sales tax. They have been right in assuming that throwing the whole weight of school support on local communities was neither the most just nor fruitful way to get good schools.

These facts never before were so obvious as they are today. School costs for buildings, for teachers, for supplies loom upward as simply staggering. Our schools have asked the state government for bread and they have been given a stone. They asked for relief through a broadened tax base and are answered by a constitutional amendment forbidding them to participate in such a levy when and if it is made.

Nebraskans believe in education. They love their children. They want to see them given the best possible school facilities. They are on the side of the angels—except on election day. They are willing to do anything for the good cause of progress and learning—except pay taxes for the schools.

W. T. DAVIS

☆☆☆

## Some Jokes

Upland, Neb.

To the editor of The Lincoln Star: Now that the nerve strain of election is over, let's relax with a few jokes.

Joke No. 1 Joe Martin and other top spellbinders who predicted victory before election now state that if Ike had not taken that "tattered" coatall swing through four states (three of which they lost), they would have suffered a much worse defeat. So, as Joe Martin see it, without Ike's coatall as a lifeboat, the GOP will sink. I still recommend a dinosaur. There were too many reserved seats already pledged on the coatall.

Joke No. 2 Ike brought peace and cut expenses and "our taxes." Mister, 80 per cent of your taxes will be raised to pay the deficit caused by the lowering of taxes on the 20 per cent. The net result of the economy joke is a \$4.7 billion deficit.

Joke No. 3 Ike is going to consult with the Democrats in Congress.

Joke No. 4 McCarthy, the great Fifth Amendment hunter of those who refuse to answer questions to an authorized Senate number, while he refuses to answer ques-

tions of the whole Senate body concerning his well known and investigated financial deals.

FAY L. DANKER

☆☆☆

## Exception And Rule

Lincoln, Neb.  
To the editor of The Lincoln Star: The parade of governmental office seekers is concluded. Nebraska voters have selected their favorites in the manner provided by law. Strangely enough, no nominee requested more money or fewer working hours for his office. That, of course, will come later when their indispensability to the public weal suddenly dawns upon them.

Apparently Nebraska's northern Democrats should retire from the political arena. They no longer provide even interesting competition for Nebraska's northern Republicans. Once again the exception proves the rule. Northern Democrat Johnnie Hergenrader made a miracle run for the office of county commissioner. Mr. Hergenrader, under the circumstances, emerges as the new political strong man of Lancaster County.

Sometimes the lady in New York harbor seems slow, and perhaps a bit squeamish in unweaving her champions. Anyway, meet the new political champion of Lancaster County—Mr. Johnnie Hergenrader.

LEO N. BARTUNEK

## Sound Money

Archer, Neb.

To the editor of The Lincoln Star: President Eisenhower predicts that within 10 years our national income will have mounted to five hundred billion dollars—not the cheap, meaningless kind with which we are now doing business. He was too busy to explain how this reform is to be effected. This was the first and only mention of sound money that I heard during the political campaign on a topic which should have headed the agenda of subjects to be discussed by candidates for office.

How to cushion the fall for holders of national securities is a problem of first magnitude. An early move toward a sound currency seems imperative. It seems to me that bond holders had better accept a smaller number of dollars than to let things drift at the risk of total repudiation later on. H. C. Filley thinks that a return to the gold standard offers the best solution for our monetary problem. Such a change would lead to complications not easily adjusted, but I agree with Mr. Filley that it is about the only way out of the woods.

Our passion for world dominance seems to preclude a study of domestic problems with which we should be concerned.

FRED A. MARSH

I will report that the hills are full of deer hunters these days. And if you resemble a deer, no matter how coincidental, stay in a night club.

The closest resemblance to a deer is a deer hunter. This is the only way I can account for the casualty rate. A deer hunter sits on the hillside until something comes into view.

"Less-e," he says "It wears a red hat and carries a canteen. Therefore it must be a deer. Wham! Wham!"

Well, I drive through these areas at high speed. For you never can tell when a hunter will shoot you. Figuring you are a deer who has stolen a car.

It is not like that in Africa. And I have been checking the writers on Africa lately and can give you the untwisted word.

About a year ago, I was sitting in Toots Shor's, a New York bistro where deer seldom go. According to the journals, Mr. Ernest Hemingway was winning his Nobel Prize the hard way.

He was shooting lions and crashing in planes and rubbing gun on his wounds.

"Hemingway was in here," said Mr. Toots Shor. "I said to him 'Whadya have to go shoot any more of them bums for!'"

**POSTCARD**

Mr. Irving Hoffman, the Broadway bon vivant, then ventured that lion shooting had become a new White Man's Euden.

"I seldom read a piece," said Irving, "in which the lion is not mangy. Or old and mean. Or annoying the natives. Or trying to commit suicide."

☆☆☆

I think this is true. The literary jungles have produced a whole code of ethics.

Certain animals may be shot for trophies. The graceful impalla is shot for meat. The Cape buffalo is shot only by the White Hunter who is a handsome gent with plenty of moxie. He shoots it only after it is wounded and therefore the Most Dangerous Big Game in Africa.

Elephants may be shot when they become rogues. (A rogue elephant is so mean that shooting is too good for him. The way I read about rogue elephants I would give him a fair trial and hang him.)

Lions, however, must be inspected. At least before they get into print.

☆☆☆

Africa is certainly full of lions that need to be shot. Some of the lions were practically begging to be shot.

They hung around the tents at night, making a frightful racket. They were always picking on the natives. They gobble more Little Black Samboes than you can count.

If they are not eating natives, by golly, they eat the natives' chickens. This is a great trial to the boys and girls down on the

Congo. For I gather they have a great many children and mighty few Rhode Island Reds.

Lions are bagged by tying up a goat. It is not stated in the African books, but I gather the goat has been picking on natives too. Anyway, he is tied up.

The lion then comes around for a goat dinner.

The hunter fills him full of slugs. For picking on the goat.

# Mayor, Friend Gives Murder-Eve Testimony In Sheppard Case

CLEVELAND (AP)—Dr. Samuel H. Sheppard was pictured in sworn testimony Tuesday as crying "Hell, no" to a relative's blunt question whether he murdered his wife, Marilyn Sheppard. That was shortly after the discovery of the body.

The 30-year-old osteopath is on trial for his life in the slaying. J. Spencer Houk, mayor of the little community of Bay Village 12 miles west of here, testified he

was summoned to the murder scene last July 4 in an excited phone call from Dr. Sheppard. Houk and his wife were the first outsiders to get there.

Houk said he was on hand when Sheppard's eldest brother, Dr. Richard N. Sheppard, arrived and examined Marilyn's bloody and battered body.

"Dr. Richard bent over Dr. Sam," Houk related, "and I heard him say, 'She's gone, Sam,' or words to that effect, and Sam slumped further down in his chair and said, 'Oh, my God.'"

"Richard said, 'Did you do this or have anything to do with it?' and Sam said, 'Hell, no.'"

Houk's testimony followed that of a plump little suburban matron, who said Dr. Sheppard was talked out of divorcing Marilyn only a

few months before her murder. This witness said she wasn't sure Sheppard loved his wife.

The woman witness was Mrs. Nancy Ahern, a close friend and Bay Village neighbor of the Sheppards. She averted her eyes from the handsome defendant as she told a courtroom hanging on her every word that Mrs. Sheppard knew of her husband's affair with another woman.

**Owlsh Look**

Houk is a tall man. His deep-set eyes and shock of black hair gave him an owlsh look at times. He spoke deeply and so slowly and hesitantly that Asst. Prosecutor John J. Mahon had to drag some of the answers from him.

He was the state's fourth witness. He was Sheppard's family meat dealer, and one of the osteopath's closest friends.

Houk told how Dr. Sheppard telephoned him shortly before 6 a.m. July 4 and then testified:

"He said, 'Get over here quick. I think they've killed Marilyn.' I said, 'What?' and he said, 'Oh, my God, get over here quick.'"

**Slumped In Chair**

Houk and his wife got there five minutes later and found Sheppard slumped in an easy chair.

"I immediately went up to him and asked what happened," Houk continued. "He said, 'I don't know exactly but somebody ought to try to do something for Marilyn.'"

"I asked him to get hold of himself and tell me what happened."

"He said 'I don't know. I just remember waking up on the couch. I heard Marilyn screaming. I started upstairs and somebody or something clobbered me. I came to on the beach.'"

Sheppard contends a bushy-haired burglar killed his pregnant 31-year-old wife, then knocked him out and left him lying on the beach in front of their lakefront home.

## Martin Says He Probably Will Be Minority Leader

DES MOINES (AP)—Rep. Joseph W. Martin (R-Mass.), outgoing speaker of the U. S. House of Representatives, said here Tuesday that while he doesn't particularly want the job as House minority leader in the 84th congress, "chances are that I'll take it."

Martin recalled he said "way last spring that I wasn't too anxious to continue as party leader if the Republicans lost the Nov. 2 election."

Since election, Martin said in an interview, he has been under "tremendous pressures" to continue as GOP leader in the House. He said he hasn't definitely made up his mind but added:

"I don't want to run out on the party."

Martin was here to address an Iowa Bankers convention.

## Plans Are Set For Second Meeting Of Governor's Lay Education Group

Tentative plans for the Governor's Second Lay Leadership Conference on Education to be held in Kearney, Nov. 22, were tentatively made by the steering committee meeting Tuesday.

The governor is asking specific proposals from the conference on three educational problems, organizing and financing schools, supplying capable teachers and assuring lay leadership.

The first conference in Lincoln found financing inadequate and the present district organization uneconomical. Alternate proposals to meet these deficiencies were suggested for study at this second meeting.

It was found that responsibility for the degree and quality of lay leadership rests with the boards of education and local steering committees were recommended along with regional conferences. School personnel was urged to work more closely with parents and local citizens.

**Three-Part Program**

Following these recommendations, the committee worked out a three-part program for Kearney, finance, restricting and teacher certification.

Discussion leaders will be: Sen. Richard Marvel, Hastings, restricting; Charles Marshall, president Farm Bureau, finance, and Carol Lemon, Council of Churches, teacher certification.

Mrs. J. E. Conklin, president of the Council for Better Education will preside at the first general session followed by the group discussions. President David Osterhout of the state school boards as-

**Japanese Reds Get Real Pally With Cops**

OSAKA, Japan (AP)—Japanese Communists are real pally with the cops these days.

A 10-man Red Cross delegation from Communist China, now touring Japan, has been carefully guarded by Communist "storm troopers" working virtually arm and arm with Japanese police and soldiers.

There have been rumors of possible violence against the Chinese, so police are protecting them as they would any foreign visitor. Japanese Reds have moved in to help.

One policeman told newsmen he can't quite get used to hearing Japanese Reds politely say "thank you for your trouble."

# Eight Night Spot Licensees Appear Before County Board

By VIRGIL FALLOON  
Star Staff Writer

A special investigation for the Lancaster County Board revealed most of the 23 taverns, night spots, drive-in theaters and cafes checked had good operations.

However, eight county license-holders were called before the board to discuss "questionable practices or operations as noted in the investigator's report" with the commissioners.

Commissioner Chauncey Barney said the investigation, started in September because of concern with juvenile problems, was made for a "birdseye view" of county-licensed establishments near Lincoln.

The investigator checked for spiking by minors, sale of beer to minors or intoxicated persons, teen-age "gangs," and "pick-up" activity.

Generally the operators expressed surprise at the individual reports and questioned the basis of findings.

While several admitted no tavern or night spot operation "can be perfect," they said they conscientiously checked for minors and no minor was knowingly served.

Another night spot operator cited by the investigator for permitting teen-agers to "spike drinks" replied this sort of report is a "black-eye."

He said his place was "raided"

In September by state and county officials, but no drinking by teenagers was found.

"My business dropped from 200 patrons to around 50 for a couple of weekends because of that raid," he said.

Board Chairman Russell Brehm said "most of you have operated carefully and efficiently."

"It is not our intent to raid your places (on the basis of this report) . . . but to sit down and go over the report with you," he said.

"There is room for some improvement," he added, pointing out "our investigator just put it down as he saw it."

Barney said most of the places had good reports, but "some stick out," indicating more careful checking and improvement of practices is needed.

The investigator (undisclosed by the board) said in his report that "major problem is with 'set-up' places where no intoxicants are sold, but minors are permitted to be in attendance."

Individual reports noted:

"College kids' hangout . . . some under age . . . no checking of identification."

"Obvious purpose of many to use this place as means of making a 'pick up.'"

"Drinking of setups . . . and observed that some people definitely under 21 were drinking spiked drinks."

"Teen-age group hang out (all-night cafe) . . . little money spent . . . largely a loafing place . . . 'black shirt' or 'duck bill hair cut' groups used place as favorite hangout."

Also attending at the board's request was E. J. Nickolite, chief enforcement officer for the State Liquor Control Commission.

Answering a question, Nickolite said "Violations are nil in Lancaster County. We've had no reports for quite some time."

Asked by one operator if the commission had any reports on him, Nickolite said "I haven't checked the files (before coming to the meeting) but I'm sure there's no reports on any of you here today."

After the meeting, the board requested the co-operation of the liquor control commission in reporting "violations" so that such reports could be considered at the time county licenses are up for renewals.

The Board also agreed to furnish the investigator's report to the state liquor commission, county attorney, and county sheriff's office.

Brehm said he thought this type of investigation would keep the op-

erator's "on their toes."

However, one operator said earlier "There is no let down. The sheriff deputies make periodic checks (of our places) and they're plenty alert. You can give them a lot of credit."

## School Land Okayed For Bethany Skating

The use of Lincoln school district property northeast of 67th and Holdrege for winter ice skating has been approved by the Board of Education.

The project has been pushed by Bethany businessmen and will be under the direction of the city recreation department. Board officials stated that the ice skating would not interfere with other playground activity at Bethany School.

# Reclamation Boss Urges United Western Support

## California, Colorado Targets

PORTLAND, Ore. (AP) — Reclamation Commissioner W. A. Drexler Tuesday urged the 17 western states to unite in support of further reclamation projects.

The commissioner mentioned no states by name in an address for the National Reclamation Assn. but obviously a good part of his remarks were directed at California, which is opposing the proposed Upper Colorado River Storage project.

Drexler said one factor which blocked congressional authorization of the billion dollar project for Utah, Wyoming, Colorado and New Mexico "was a sharp cleavage in the united non-partisan support of reclamation by all of the western states."

Up To West  
"It appears to me that reclamation's future is pretty much up to the west itself," he said. "We are at a crossroads, and there are very obvious signposts to tell us where the highways lead."

"One road, which we may title 'disunity,' leads to a virtual stalemate. The other road, obviously marked 'unity,' has a lot of obstacles in it, but it leads to a much more worthwhile goal of water utilization."

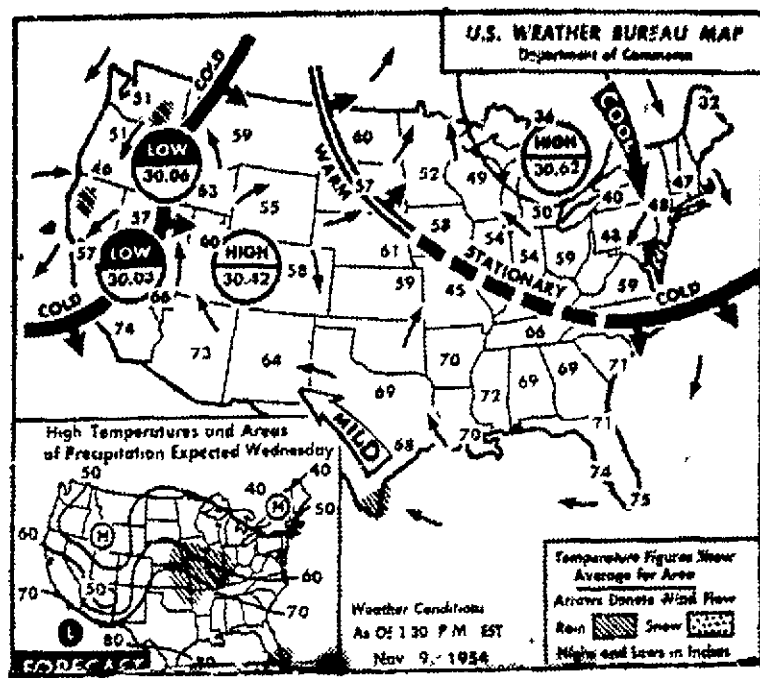

Urging that the National Reclamation Assn. and the western states carry the story of reclamation to the entire nation, Drexler contended that reclamation essentially pays its own way through power revenues and reimbursements for water users.

Sharp Contrast  
"This is in sharp contrast to the nonreimbursability of hundreds of interest-free dollars which are appropriated annually by the federal government for other civil works," he added.

Gov. Sigurd Anderson of South Dakota told of the work being done under the Missouri River Basin Project, aimed at reducing the Missouri, "bad boy among the rivers of the world . . . to complete captivity."

He said the work is estimated to cost \$9,300,000,000 and take 25 years to complete but added that the benefits will be tremendous—with the greatest single one being stabilization of the economy of all the basin states.

Anderson appealed for support of the proposal of the basin states that management of the works be carried out under a novel, modified compact plan which he said would provide co-partnership between the states and the government. He predicted another effort would be made next year to get congress to approve the plan.

### Occasional Thunderstorms, Warm

Showers are forecast for southern limits of Florida peninsula Wednesday while showers with an occasional thunderstorm are expected over central valleys and eastern sections of central

Plains. Rest of U.S. generally will have fair weather with cool temperatures continuing over northeast. Balance of country will note little change in temperatures from those of the previous day. (AP Wirephoto Map.)

## Mother's Plea Is Followed; Driver's License Suspended

OMAHA (AP)—At the request of his mother and uncle, a 16-year-old boy Tuesday lost his driver's license for a year.

Traffic Judge Jay P. Gibbs suspended the license and also fined Tom McLaughlin of Omaha \$10 and costs for speeding and \$10 and costs for having an improper auto license.

Young McLaughlin was involved in a reported race climaxed by the death of a 9-year-old girl last Saturday.

His mother, Mrs. Rita Venegas, and his uncle, Thomas Fitzgerald,

made the move for the driver's license suspension.

McLaughlin admitted to reporting Tuesday he was "gunning" his car to "stay ahead" of another driven by James Watkins, 17.

He said young Watkins had chased him around the block. The chase ended when the Watkins car struck and fatally injured Barbara Jean Rukas in front of her home.

Watson is facing motor vehicle homicide charges.

"I'm so. I was racing with the kid," McLaughlin said. "Tell other kids they don't know what it feels like. It feels real bad."

"Tell them not to drive junkers and if they want to drag race go out to Scribner and be careful of kids."

Organized drag races are held at Scribner, Neb.

## Mrs. Alma Smith, Edgar, Dies At 80

Lincoln Star Special

EDGAR, Neb.—Funeral services for Mrs. Alma Smith, 80, will be held at 2 p.m. Wednesday at the Edgar Presbyterian Church. David Wumberly will be in charge of the service.

Surviving are one daughter, Mrs. Forest Overturf of Sutton; one sister, Mrs. Carlos Bascom of Edgar; three grandchildren and four great grandchildren.

## McMahon Dies; Once Legislator

OMAHA (AP)—John J. McMahon, 73, of Omaha, a former state legislator, died at a hospital Tuesday.

McMahon had suffered a heart attack early Tuesday.

He served in the Legislature from 1936 to 1937. McMahon was a boilermaker and was active in labor affairs.

His widow survives.

## Services Wednesday For John T. Roode

FAIRBURY, Neb. (AP)—Funeral services will be held at the Catholic Church here Wednesday morning for John T. Roode, 45, who with his brothers operated the Roode Packing Plant of Fairbury.

DRY-TABS ends the expense of ruined furniture, the danger of catching colds and infectious rashes. DRY-TABS must stop this humiliating habit or money back. Full supply of DRY-TABS only \$3.00.

## Two Murder Case Suspects Are Released

ALMA, Neb. (AP)—County Attorney E. A. Russell said Tuesday two men had been released after lie detector tests showed they had no connection with the fatal shooting of John E. Kline, 54, near Orleans Saturday morning.

Russell said the investigation was continuing. Several persons have been questioned, he added.

Low Colby, a recluse with whom Kline lived, discovered the body about 50 feet from Colby's shack early Saturday. Russell and Sheriff T. H. Baker said they believed Kline was shot to death some time between 6 p.m. and midnight Friday.

### Shot In Chest

Kline had been shot in the chest. He had a nickel in his pockets.

Russell said the slayer apparently approached Kline as the latter slept in a friend's car.

Russell said "it looks like a revenge killing to me," but declined to elaborate.

The two men, unidentified, were taken to Lincoln for the lie detector tests by Russell and Baker Monday. They returned to Alma Monday night and the men were released.

### Wife Is Dead

Kline, who was unemployed, had no known relatives, Russell said. The county attorney said it was believed the man originally was from New York State.

Kline married a widow, Mrs. Rose Nattie of Republican City, shortly after his arrival in this area about eight or 10 years ago, Russell said. She died about five years ago.

## Mother Of Slain Child Recovering

HASTINGS, Neb. (AP)—Mrs. Robert Walsh is reported "recovering satisfactorily" from head and face injuries suffered in a beating at her farm home north of here last Wednesday.

Mrs. Walsh had been in critical condition following the attack upon herself and her 5-year-old son, Patrick, who died shortly after he was beaten.

Daniel R. Smith, Hastings, is charged with first degree murder as a result of the incident.

## Neighbors Pick Corn For Widow

Lincoln Star Special

WAHOO—Fifty-five neighbors of Mrs. Eric Manstedt picked 70 acres of corn from her farm near here, shelled it and delivered it to a Wahoo elevator.

Mrs. Manstedt's husband died in September, leaving no one to help her operate the farm.

The neighbors used 14 mechanical pickers, 30 tractors and 40 wagons in harvesting the 1,700 bushels. The job was begun at 9 a.m. and completed by 3 p.m.

## Meet Date Corrected

OMAHA (AP)—The first meeting of the new Omaha-Lincoln Society of Financial Analysts will be held here Wednesday, Nov. 10. The meeting date was originally reported as being Nov. 17.

## Weather Ahead

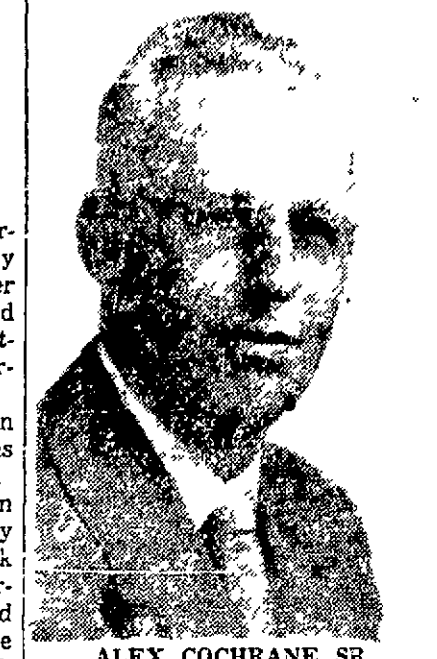

Extended forecast for Nebraska:

Temperatures will average 5 to 10 degrees above normal Wednesday through Sunday, with continued mild weather until cooler toward end of the week. Normal afternoon highs are in the low to middle 50s, and normal lows range from the low 20s in the west to near 30 over the southeastern corner of the state. Precipitation is expected to average about .10 of an inch in the west to .20 to .50 in the east, occurring toward the end of the week.

## Alex Cochrane Dies; Longtime School Coach

Lincoln Star Special

OSHKOSH, Neb.—Funeral services for Alex Cochrane Sr., 51-year-old former Garden County High School coach and long prominent in Nebraska high school coaching circles, will be held at 2 p.m. Friday at Oshkosh. His death Tuesday followed an extended illness.

Taking over as head football, basketball and track coach at Garden County High School in 1951, he previously coached for several years at Ord and at Scottsbluff. He was a Hastings College graduate.

He had been suffering for several months from severe high blood pressure.

His two sons have also been prominent in state high school and college athletics. Alex Cochrane Jr., a Lincoln resident, starred on the Ord state champion basketball team and later was an end on the University of Nebraska football team. His other son, Ladd, is presently a fullback on the Hastings College football team.

Surviving are his wife; his two sons; a daughter, Kathy, at home, a brother, Col. Carlos Cochrane, stationed at Offutt Field, Omaha; a sister, Ruth Cochrane of San Mateo, Calif.; and two grandchildren.

Graveside services will be held in Hastings.

## Death Of Woman Blamed On Fall

OMAHA (AP)—Mrs. Emma Gibson, 38, of Omaha was killed in an apparent fall down a flight of basement stairs at her home.

Deputy County Attorney John Hanley took statements from her husband and other occupants of the house.

# State's Winter Wheat Condition Very High

## 74 Per Cent Of Corn Harvested

About 74 per cent of Nebraska's corn crop had been harvested as of last weekend, with freezing weather giving the work a push, the State-Federal Division of Agricultural Statistics reported.

A week earlier only 54 per cent had been harvested but a year ago the comparable figure was 94 per cent.

A total of 6,780,000 acres or 96 per cent of the state's corn acreage went into hybrids this year, the weekly report noted. This, no

## W. R. Main Dies; Garden Co. Agent

GRAND ISLAND, Neb.—Funeral services for William R. Main, 52, county agent of Garden County, will be held at 1:30 p.m. Wednesday in the Livingston-Sondermann Funeral Home. He died in a Grand Island hospital.

He was en route to a conference of county agents at Lincoln when he became ill after stopping in Grand Island to visit his mother, Mrs. Josephine Gorin.

Born at Cedar Rapids, he was graduated from Greeley High School. After graduating from the University of Nebraska, he took graduate work in the college at Hays, Kan., and then entered the teaching profession. He left his teaching career nine years ago and had served as the county agent of Garden County since that time.

He was a member of the Methodist Church of Oskosh, Masonic Lodge, Rotary and Lions Clubs. In addition to his mother, he is survived by a stepbrother and three stepsisters.

## Joseph Borecky, Wilber, Is Dead

LINCOLN STAR SPECIAL  
WILBER, Neb.—Funeral services for Joseph C. Borecky, 76, who died in a Crete hospital, will be held at Wilber Wednesday. A native of Saline County, he was a retired farmer.

Surviving are his wife, Anna of Wilber; two daughters, Mrs. Helen Liseck of San Diego, Calif., Mrs. Sylvia Svoboda of Kansas City; a son, Joseph of Hebron; four grandchildren, two great grandchildren, and four sisters, Mrs. John Wozab and Mrs. Edward Pesek of Wilber, Mrs. E. E. Dunder of Lincoln and Mrs. Lou Chab of DeWitt.

## Timmins Is Dead; Welfare Officer

OMAHA (U)—M. J. Timmins, 49, Omaha city welfare officer and director of the Nebraska Safety Engineering Service, died Tuesday.

He was stricken in a restaurant and was dead when the rescue squad took him to County Hospital. He had suffered a heart attack in North Platte Oct. 15.

## VFW To Aid North Platte

NORTH PLATTE, Neb. (U)—Harry Roland Lockhart, North Platte sailor charged with murder in the death of his wife and baby at Norfolk, Va., has been promised the aid of the North Platte Veterans of Foreign Wars.

Don Devoe, North Platte VFW adjutant and state vice commander, said Tuesday the local organization plans to contact Virginia VFW officials and also the Virginia attorney general.

Devoe said the organization here had turned up information it considered pertinent to the Lockhart case.

Harry's brother, Ray of North Platte, said he probably would go to Norfolk as soon as possible.

Meanwhile, Virginia authorities said tests were still under way to determine the cause of death of Mrs. Lockhart and her son.

## Talks Recessed In Allied Strike

OMAHA (U)—Contract talks recessed at 11:45 a.m. Tuesday until 9 a.m. Wednesday between the Nitrogen Division of Allied Chemical and Dye Corp. and the AFL Omaha Metal Trades Council.

Sessions Monday lasted until 11:30 p.m.

About 280 production and maintenance men have been on strike at the plant south of Omaha since Oct. 20. Supervisory personnel has continued production.

## EAT ANYTHING WITH FALSE TEETH!

If you have trouble with plates that slip, rock, cause sore gums—try Brimms Plasti-Liner. One application makes plates fit snugly without powder or paste because Brimms Plasti-Liner hardens permanently to your plate. Rattles and rattles loose plates in a way no powder or paste can do. Even on old rubber plates you get results in minutes to a year or longer. YOU CAN EAT ANYTHING! Simply lay soft strip of Plasti-Liner on troublesome upper or lower. Bite and it molds perfectly. Easy to see, tasteless, odorless, harmless to you and your plates. Resorbable as directed. Money back if not completely satisfied. Ask your dentist!

**BRIMMS PLASTI-LINER**  
THE PERMANENT DENTURE RELINER

## Write-In Vote Opinion Given

The attorney general's office ruled Tuesday that a write-in vote may be counted when only the last name is placed on the ballot, if there is no other candidate for the office with the same surname.

Neither does the name need to be spelled absolutely correctly, if it is plain enough for the judges to determine the voter's intention. But a cross must be marked in the square opposite the candidate's name, for the vote to be counted.

Logan County Attorney Darrell Stark of Stapleton requested the opinion.

## Lexington's Pool Contract Awarded

LEXINGTON, Neb. (U)—The contract for construction of a municipal swimming pool was awarded here to the Siefford Construction Co., Beatrice, for \$79,900.

Construction will begin within 10 days.

The 150 by 60 foot pool will have under-water lighting. There will also be a bathhouse and separate wading pool.

## JAYNE'S P.W. tablets KILL PIN-WORMS

(You may have them and not know it)

Fidgeting, nose-picking and a tormenting rectal itch are often tell-tale signs of Pin-Worms... ugly parasites that medical experts say infect one out of every three persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P.W. tablets do... and here's how they do it.

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for genuine Jayne's P.W. Vermifuge... the small, easy-to-swallow tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

## Injuries Claim Motorist's Life

YORK, Neb. (U)—Seneca Reed, 80, of York died at a hospital here Tuesday morning of injuries suffered in a two-car accident last Thursday.

Reed's car and one driven by Le Roy Carey, 16, of York collided at an intersection. Reed had been unconscious most of the time since the crash.

Funeral services will be held Thursday afternoon.

The death raised Nebraska's 1954 traffic fatality toll to 271, compared with 293 at this time last year.

## Dawson Extension Group To Tour NU

LEXINGTON, Neb. (U)—Present and past extension service board members in Dawson County, numbering about 40 persons, will tour the University of Nebraska Friday and Saturday, and attend the Nebraska-Pittsburgh football game.

County Agent Harold Stevens is arranging the trip.

On Friday the visitors will inspect agriculture and home economics research projects. University Chancellor Clifford Hardin will be their guest at dinner Friday night.

Saturday morning the group will visit the electrical engineering department and Morrill Hall on the university's downtown campus.

## Formation Of German Army Is Not Advised

OMAHA (U)—Neither the French nor the Germans want a German army, Dr. Melchior Palyi, an adviser to the pre-Hitler Reichsbank of Germany, said in a talk here. He predicted Germany will survive only if a German army is not formed.

## Advice to Women who can't sleep!

If lack of sleep is ruining your position, health and looks—the time to do something about it is now. According to authorities most sleeplessness in women is caused by worry and tension. The longer you wait the harder it is to get back your natural sleeping habit.

Fortunately for you, a doctor has discovered a safe, non-habit-forming sleeping capsule that is now helping thousands of women to get the sleep they need. It is called Dormin, and contains no narcotics, bromides or barbiturates. You wake up bright

and peppy because Dormin helps promote natural sound sleep without any drug-like hangover.

## SLEEP—WITHOUT DRUGS

Dormin has been clinically tested and proved completely safe. According to Dormin users, it affords sound, healthful sleep without any jittery after effects. Dormin is available at drugstores without a prescription at reasonable cost—\$2.25 for a bottle containing 36 sleep-producing capsules—only 6 1/2¢ each. Dormin is guaranteed by its makers to promote sleep or money is returned. Get Dormin from your druggist—and sleep tonight!

Accept no substitute. There is NO substitute for Dormin.

# NOW YOU CAN WIPE OFF FACIAL HAIR...in minutes

SMILING MODEL views reflection of hair-free upper lip and chin, showing excellent results of Pellex revolutionary hair-removal method.

## No Trace of Hair

Even magnifying glass fails to disclose slightest trace of unsightly hair, after using Pellex Surgical Hair Removing Cream. No hair-ends, no scraping, pulling, or irritating. And no enlarged pores or wax-burn. Pellex is now available for home use, without a prescription. It is rapidly making unsightly facial hair a thing of the past.

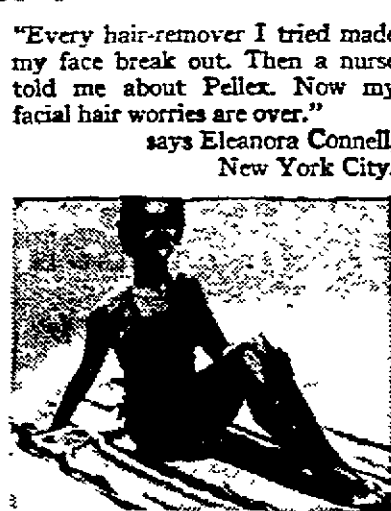

## Photographer's Model Tells How Surgical Cream Solved Facial Hair Problem

## "Mustache Gone"—Now Dates

"Nobody called me 'pretty' before. All they saw was my 'whiskers'. Then I read an ad for Pellex—tried it. Now can't keep up with my dates."

Elizabeth Klossner, B'klyn, N. Y.

## Legs Smooth—Swimmer Happy

"I was ashamed to go on the beach with my hairy legs and arms. Pellex took it off fast. So easy, too!"

Ariane Cunningham, Sea Girt, N. J.

## Amazing New Surgical Cream Works Fast, Safely, Easily... Right At Home

No longer need you be ashamed of unsightly hair on your upper lip, chin, neck—or growing down the sides of your face. For, at last, there is a safe and easy way to remove unwanted hair—even from the more delicate skin of the face. It is the revolutionary new hair removing discovery, called Pellex, developed by a doctor—an eminent Obstetrician and Gynecologist.

## Pellex works without risk of

scraping, nicking or irritating normal skin. It leaves your skin actually smoother, lovelier—without razor-type hair ends, inward-turning hairs; or enlarged pores, such as hot wax methods may cause. Pellex is quick, easy and foolproof. It has recently been made available for home use. No prescription needed.

## Safe—Hospital Tested

Pellex is a pure, white surgical cream developed for pre-operative work to provide a safe, speedy method of removing all traces of hair from face, limbs or body. It has been thoroughly tested by doctors and may now be purchased without a prescription. Pellex is proving a boon to women embarrassed by unsightly facial hair.

## Fast, Easy!

Simply smooth on fragrant, creamy Pellex. Let it remain a few minutes, then wipe off. Hair comes away with no rubbing, scraping or irritating. Your skin actually looks smoother, lovelier... alluringly feminine. Not a trace of hair remains to view—even through a powerful magnifying glass.

## Not a Wax—No Pulling!

Pellex is not an electric method! Pellex is not a wax! There is no risk of pulling or irritating; none for rubbing or scraping the skin. No painful hot wax. No cold-wax skin-pulling or yanking out of stubborn hairs. Pellex is a Cream Hair Remover—so safe to normal skin and so wonderfully effective that women all over the nation are raving about it. Pellex quickly removes all trace of unsightly hair; leaves your skin looking and feeling actually smoother—lovelier.

## Lasting Loveliness

There is no bristly regrowth with Pellex. Face, arms, legs, under-arms all stay smooth, sleek and hair-free for an amazingly long time—thanks to Pellex' closer-to-hair-root action. And Pellex is so easy to use, so safe, so quick—you just can't afford to let ugly "whiskery" hair spoil your chances at romance or a good career. Get Pellex—today! No prescription needed. Big economy size—plenty for face, legs, arms—only \$3.00 plus tax. By all means try this hospital approved Hair Remover today!

# Betrothal Announced

MISS GLORIA ROSE SELL

Announcement is made this morning by Mr. and Mrs. David Sell of the engagement and approaching marriage of their daughter, Gloria Rose, to Hollis Eugene Hultberg, son of Mr. and Mrs. Clifford Hultberg of Blair. A February wedding is planned. Miss Sell attended the University of Nebraska, where she is a

member of Towne Club, and will receive her Bachelor of Science degree in nursing from the University of Nebraska College of Medicine in June. Mr. Hultberg, who attended Dana College at Blair, now is serving with the Navy and is stationed at Charleston, S. C. Upon his release from the service he will attend the University of Nebraska.

Arrangements of white and yellow chrysanthemums appointed the altar of Holy Trinity Church, Episcopal, on Tuesday afternoon, Nov. 9, for the marriage of Elsie Neely Sanderson, daughter of Mrs. J. M. Neely, and Bernard B. Combs of Omaha. The ceremony was solemnized at 4 o'clock by the Rev. David Gracey in the presence of members of the family and a small group of friends.

Preceding the service, Dr. J. Marshall Neely, brother of the bride, presented a prelude of organ music including "Largo," Bach; "Andante," Mozart; and Air from "Tannhauser," Wagner. Dr. Neely also played the wedding music. Attending her sister as matron of honor was Mrs. William Cooper of Columbus, O., who wore an afternoon frock in paisley printed silk in Dior blue and fuchsia. Her accessories were in the fuchsia tone and she wore a corsage of pink carnations. Mrs. William Long of Whittier, Calif., also a sister of the bride,

was the bridesmatron and was costumed in blue taffeta with pink accessories and a corsage of pink carnations. Dior blue satin fashioned the bride's full-skirted costume which was designed in the after-five mode, and was completed with a fitted jacket of the satin. She wore a small hat of blue-green iridescent sequins, and Australian orchids shading from white to pale green formed her shoulder corsage. Attending their father were Michael Combs and Barry Combs of Omaha. Immediately following the service, a reception for the members of the family was held at the home of the bride's brother and sister-in-law, Dr. and Mrs. Orvin Neely. Upon their return from a wedding trip to New Orleans, La., Mr. and Mrs. Combs will make their home in Omaha. A graduate of the University of Nebraska, the bride is a member of Delta Delta Delta. Mr. Combs attended the University of Nebraska and Omaha University and is a member of Pi Kappa Alpha.

# Will Mark Anniversary

Members of the Lincoln Woman's Club are making plans for the celebration of the club's 60th anniversary on Monday, Nov. 22. The event will be observed at the club's annual birthday luncheon to be held at the Hotel Cornhusker, and honored guests will be past presidents of the organization. A special program has been planned and will feature a humorous monologue by Mrs. Lloyd White of Kansas City, Mo., who will speak on "Philosophy Through Your Hat." Mrs. Harry W. Hust is president of the Lincoln Woman's Club.

AND GUESS what most of our news is about this morning! Guests for the homecoming week end, as is to be expected, and we might add that it would be a most peculiar homecoming game without them—However, we do have some non-football, non-week-end news which we feel reasonably certain you will find interesting—

THIS evening, for instance, Miss Alma Wagner will be a dinner hostess at Colonial Cup when she entertains in celebration of the 80th birthday anniversary of her mother, Mrs. Frank Wagner—Incidentally, the anniversary date is later in the month, but Miss Wagner chose the evening that all the family could be present for the party.

The guest list will include Mrs. Reuben Walt, Mrs. Fred Walt, Mr. and Mrs. Norman Walt, Mr. and Mrs. Edward J. Walt, Jr., Mr. and Mrs. Robert Stephens, Mr. and Mrs. Arthur J. Weaver, Jr., Mrs. Ernest Walt, Mr. and Mrs. Herbert Walt, Dr. and Mrs. Norman Carlson, and Mr. and Mrs. George Segrist of Clarinda, Ia.

The only members of the family who could not be present were Dr. and Mrs. George Tyner of Denver.

THEN we heard that the members of the Alpha Phi alumnae advisory board and the Building Fund Association, will join forces as luncheon hostesses on Thursday when they honor the sorority's past national president, Mrs. William F. Gregson of Chicago, and the sorority's district governor, Mrs. D. J. Robertson of Grand Forks, N. D.

The luncheon will follow a morning coffee for which Alpha Phi alumnae members will be hostesses at the chapter house, complimenting the visitors.

Mrs. Gregson arrives in Lincoln today and will be the guest

# Study Groups Will Meet

The neighborhood study units of the League of Women Voters of Lincoln have scheduled monthly meetings this week beginning with the evening group which will meet at 8 o'clock, Wednesday evening, at the home of Miss Iris Dougherty, 1020 D. Mrs. Arthur L. Smith is leader of the group.

The other groups will meet Thursday morning at the following homes: Mrs. Walton Ferris, 2485 Woodcrest; Mrs. W. A. Boucher, 4430 A; Miss Sarah Muir, 1801 So. 17th; Mrs. Clemens Thoman, 2845 Sheridan; Mrs. L. J. Fairchild, 3259 Starr; Mrs. Mary K. Streeter, 3909 Dudley; and Mrs. Merk Hobson, 2111 Sewell. The study topic for the fall is, "Taxation."

# Inaugural Reception

Hostesses for the inaugural reception honoring the new chancellor of Nebraska Wesleyan University, Dr. A. Leland Forrest, and Mrs. Forrest, will be the members of the Woman's Wesleyan Educational Council.

The reception, which will be held in the Council rooms and the Little Gallery of the C. C. White Building on the Nebraska Wesleyan campus, will immediately follow the inaugural ceremony, Friday afternoon, for the university's 12th chancellor.

The Council president, Miss Bernice Halbert, will receive the guests with Dr. and Mrs. Forrest, and assisting as hostesses will be Mrs. Otto Hackman, Mrs. I. W. Kingsley, Mrs. F. L. Ritchey, Mrs. H. B. Viquain, Mrs. H. C. Sandall and Mrs. H. F. Stone.

Inviting the guests into the refreshment room will be Mrs. J. E. Bartley and Mrs. E. G. Callen, and presiding at the table

speaker at the annual University of Nebraska Panhellenic banquet this evening at Student Union. Mrs. Robertson is a guest of the Alpha Phi active chapter.

AND THIS morning we have news of a courtesy for a bride-elect — Miss Sarah Fulton — whose betrothal to William Ginn recently was announced.

Tuesday evening Miss Fulton, whose marriage will be solemnized in late December, was the incentive for a dessert supper when Mrs. M. H. Sorensen and her daughter, Mrs. George Lewis, Jr., were hostesses at the home of Mrs. Sorensen. The guests, all former campus friends of the soon-to-be bride, presented her with a towel shower.

BEFORE we open the guest book we want to tell you that Mrs. F. J. Vogelsang, new Grand

# ESA Chapter Plans Meeting

A meeting of Alpha Theta chapter of Epsilon Sigma Alpha business women's sorority has been planned for Monday evening, Nov. 15, and will be held at the home of Mrs. Velma Bush.

The members will discuss plans for participating in the annual campaign for Muscular Dystrophy aid, a project of the sorority.

President of Alpha Gamma Delta sorority, and her son, Tom, have gone on quite a trip — The travelers first stop will be Fort Worth, Tex., where Mrs. Vogelsang will pay a visit to Texas Christian University — After that Mrs. Vogelsang and her son will go to Houston — on to Tuscaloosa, Ala., to visit the sorority chapter at Alabama Tech — and finally to the University of Florida at Gainesville, where Mrs. Vogelsang and her son will part company — she to return home — and he to remain to work on an advanced degree.

NOW FOR the guests — Understand that Mr. and Mrs. Howard Hadley are having a houseguest for the football week-end — Mrs. Mabel Heynen of Columbus—This particular week-

# Club To Hear Guest Speakers

The Insurance Women of Lincoln will hold a dinner-meeting at 8 o'clock, Thursday evening, in the Zephyr room of the Capital Hotel when talks will be given by Kenneth Hunt and John Pondelis of the Nebraska Inspection Bureau. The speakers will discuss the new insurance rates.

Presiding at the business meeting will be Miss Aurelia Plautz, club president.

# Married in Colorado

MR. AND MRS. LARRY WENTZ

Spruce and pine trees in a natural setting on Flagstaff Mountain near Boulder, Colo., formed the background for the wedding of Miss Erma Jean Bickel, daughter of Mr. and Mrs. H. C. Bickel, and Larry Wentz, son of Mr. and Mrs. Laurence E. Wentz, all of Lincoln, which took place on Friday, Aug. 27.

The ceremony was solemnized in the presence of a small group of friends, after which a wedding dinner was held at Flagstaff House.

The matron of honor and bride's only attendant was Mrs. Mable Clark of Lyons, Colo., who wore a two-piece frock of navy silk with jonquil yellow accessories. A yellow orchid corsage completed her costume. Serving Mr. Wentz as best man

was Jordan Gagnon of Denver, Colo.

For her wedding, the bride chose a gown of white silk faille. Designed with a low rounded neckline and cap sleeves, the snug bodice was fashioned of white lace smoothed over faille, and the wide skirt flared into waltz length. Her small cap of beaded satin was briefly veiled, and she wore a shoulder corsage of purple orchids.

The couple left for a wedding trip to the Broadmoor Hotel in Colorado Springs, and are now residing in Lincoln.

A graduate of the University of Nebraska, Mrs. Wentz is principal of Walton High School and a member of the Waverly High School faculty. Mr. Wentz also is a graduate of the University of Nebraska and a member of Phi Gamma Delta fraternity.

end is a tradition with the Hadleys and Mrs. Heynen — They have attended the homecoming game together since 1914.

FROM Madison, Wis., this week-end will come Mr. and Mrs. Asher Hobson who will be the house guests of their son and daughter-in-law, Mr. and Mrs. Mark Hobson, for a few days.

If Mr. and Mrs. Hobson, who are stopping off en route to Kansas City, arrive in time on Saturday, Hobson foursome will join Chancellor and Mrs. Clifford Hardin for the game. It seems that Chancellor Hardin and Mr. Hobson are friends of old standing—dating back to

the University of Wisconsin. COMING from Chicago on Friday will be Mr. and Mrs. Stanley Wicker who will spend the game week-end as the house guests of Mr. and Mrs. Harold Hinds. On Saturday evening Mr. and Mrs. Hinds will entertain their guests at dinner at the University Club.

ALSO in our guest book are the names of Mr. and Mrs. Jack May and their family who will be arriving a week from Friday to spend a week as the guests of Mrs. May's parents, Mr. and Mrs. Albert Held.

FROM St. Louis comes news of

the birth of a daughter, Elizabeth Ann, to Dr. and Mrs. J. W. Ballew on Tuesday, Nov. 2. Mrs. Ballew is the former Margaret Ann Amend, daughter of Mr. and Mrs. William A. Amend of Lincoln and Chi Omega at the University of Nebraska. Dr. Ballew, the son of Mr. and Mrs. H. R. Ballew, also was graduated from the University of Nebraska where he is a member of Delta Tau Delta fraternity. He received his degree in medicine at Washington University (St. Louis) School of Medicine, and now is assistant resident in obstetrics at St. Louis Maternity Hospital.

# PTA Holds Open Houses, Coffees

The regular November meeting of RANDOLPH PTA, which was planned for this week, has been postponed until Tuesday, Nov. 30, when members of both the executive board and the PTA will meet.

In observance of National Education Week, CLINTON SCHOOL is sponsoring discussion groups and coffees for the pupils' parents this week. The first coffee was held Tuesday afternoon, and another will be held at 1:45 o'clock, Thursday afternoon, at the school. Following the discussion, refreshments will be served by the PTA members.

Guest speaker at the Tuesday evening meeting of PARK PTA was Superintendent of Lincoln Schools Dr. Steven N. Watkins who addressed the members on "Legislation and Education." The program also included music by the fifth and sixth grade chorus directed by Miss Mildred Ohlund.

Mrs. H. B. Woodford presided at the meeting after which refreshments were served by the mothers of fifth grade pupils with the social committee, Mrs. Morris Churchill, Mrs. Paul Malzer, Mrs. James Hubka and Mrs. Alex Fischer, in charge.

Preceding the monthly meeting of MERLE BEATTIE PTA Tuesday evening, the parents attended an open house at the school and visited their children's classrooms. Mrs. Earl Ludlam presided at the business meeting and a talk on the proposed school bond issue was given by Robert Venner.

A program of songs by the Lincoln PTA Mothersingers was followed by a social hour and refreshments were served by the mothers of second graders. In charge of arrangements were Mrs. E. C. Dahlberg and Mrs. Dan Jett.

In place of a monthly meeting, Miss Harriet Helms of the

Lincoln City Library was guest speaker Tuesday afternoon at the meeting of WHITTIER PTA and spoke on the topic, "Good Books for Junior High Students." The program also included songs by the ninth grade girls' chorus, and a skit presented by the eighth grade drama class.

Mrs. E. J. O'Neill, president, conducted the meeting and in charge of arrangements for the social hour were Mrs. Byron Tullis and Mrs. A. C. Wehr. Hostesses were Mrs. Fred Sehnert, Mrs. Ruth Mooberry and Mrs. Ed Hollister.

# ... Einstein Would Be A Plumber Or A Peddler

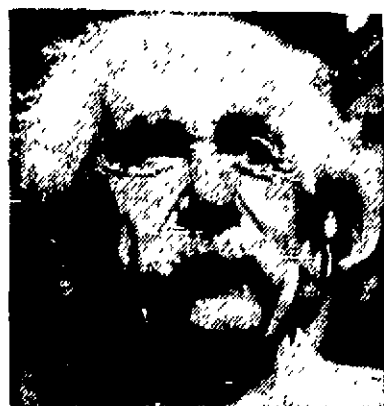

NEW YORK (AP)—Dr. Albert Einstein says that if he had to do it all over again "I would not try to become a scientist or scholar or teacher."

"I would rather choose to be a plumber or a peddler," he says, "in the hope to find that modest degree of independence still available under present circumstances."

The world-famed, 75-year-old physicist expressed this attitude in a letter published in this week's issue of Reporter magazine.

He had been asked for his comment on a recent Reporter article relating to the present situation of American scientists.

Einstein, who has bitterly op-

EINSTEIN  
Rich Man, Poor Man,  
Beggar Man, Thief

posed congressional inquiries into the political beliefs of scientists

and educators, replied:

"Instead of trying to analyze the problem I may express my feeling in a short remark: If I would be a young man again and had to decide how to make my living, I would not try to become a scientist or scholar or teacher."

Then he added that, instead, he would seek to be a plumber or peddler.

At Princeton, N. J., where Einstein long has been associated with the Institute for Advanced Study, his secretary, Miss Helen Dukas, said he would have no further comment.

Einstein recently urged that "intellectuals" called before congressional probes refuse to testify on

their political leanings. His own public expressions often have involved him in controversy.

**Farm Youth Exchange Delegates Are Back**

Nebraska's 1954 International Farm Youth Exchange delegates returned to the United States this week.

They are Dorothy Blaser of Columbus, who went to Germany, and Dorothy MacLean of Lexington, who was in Scotland.

The exchange is sponsored by the National 4-H Club Foundation and the Extension Service.

# New Far East Aid Plan Pondered—Dulles

## ... 'Reds Plan No War Now'

WASHINGTON (AP)—Secretary of State Dulles said Tuesday the Eisenhower administration is considering a sweeping new Far East aid program to bolster the area against communism.

He told of the plans at a news conference in which he also expressed confidence that Russia, despite its vast military power, does not intend to start a war against the free world at this time.

"As long as we continue strong, united, and ready to fight if necessary, I think that we have a very substantial deterrent against general war," he said.

Dulles said the Western Allies must continue developing their military might in order to convince Russia's rulers that "their best interests will not be served by a general war."

**Best Interests**

"I believe that we are doing that effectively," he said, "and that probably the result of it is that they calculate that a general war would not serve their best interests at the present time."

Dulles revealed the possible new American-sponsored aid program for the Far East in discussing a speech by Japan's visiting Premier Shigeru Yoshida.

## Rep. Harrison Spent \$2,172

Rep. R. D. Harrison (R-Neb) has reported to the secretary of state he spent \$2,172.49 in his campaign for re-election from the Third Nebraska District.

Contributions totaled \$2,175, including \$1,000 from the National Republican Congressional committee and \$1,150 from the state central committee.

Frank McDevitt of Omaha reported expenditures of \$1,467.82 in the campaign for Omaha Public Power District director and Melvin Bekins of Omaha reported spending \$1,367.81 in the same race.

J. LeRoy Welch, Omaha, reported spending \$2,794.23 in the race for University of Nebraska regent.

Legislative candidates reported these expenses: LeRoy Bahensky, Palmer, \$157.62; Lester Anderson, Aurora, \$592.42; Gordon Robbins, Grand Island, \$348.26; Don Thompson, McCook, \$166.77; Harry A. Foster, Omaha, \$240; Hal Bridenbaugh, Dakota City, \$500.30; and William Moulton, Omaha, \$25.

## Mrs. Krieger Dies; Lived in Detroit

Mrs. C. H. Krieger of Detroit, former Lincolnite, died Tuesday.

Mrs. Krieger had resided here until about 1937. She was a member of Calvary Evangelical United Brethren Church.

Surviving are her husband; sons, Wayne and Robert of Detroit; brothers, Jack Weber of Lincoln and David Weber of Lincoln; sisters, Mrs. Carl Fritzer and Mrs. John Reigert, both of Lincoln.

Nov. 17

dress, Yoshida proposed an Asian "Marshall Plan" involving four billion dollars annually to help build up anti-Communist nations. "There is not much time," he said. "Let us act now."

Dulles said it would not be practical to attempt to spend any such big sum annually for such a program, at least not at the start. Far Eastern needs, he said, are considerably different than the situation confronting the United States in Europe, which led to financing the multibillion-dollar Marshall Plan there.

**War Damage**

He said Marshall Plan funds for West Europe were used to repair and modernize highly developed industrial countries to recover from war damage. In the Far East, no such comparable problem exists.

The United States, however, is urgently discussing the problem with Yoshida and other Far Eastern leaders in order to determine practical and workable limits.

Other officials reported the Eisenhower administration was considering whether to scrap the present administration aid programs which involves spending about 500 million dollars annually in the region. The idea would be to substitute a regional approach which would call for about twice as much money to begin with, provided member nations would lower trade barriers and contribute what they could, as European members did.

## Mum On Ouster

WASHINGTON (AP)—Secretary of State Dulles refused Tuesday, for the time being at least, to make public the record in the ouster of diplomat John Paton Davies. Dulles declared publication would be against the public interest.

Davies, fired last Friday after 23 years in the U.S. diplomatic service, has called for publication of the full record in his case and has said he feels his rights might be impaired if this is not done.

Dulles told his news conference he had not made a final decision on release of the record. But his feeling now, he said, is that full publication would reveal some state secrets, while partial publication would be unfair from several viewpoints.

## Ship Jumpers Give Red Officers A Rough Time

BRUNSBUTTELKOOG, Germany (AP)—Communist indoctrination officers aboard East German ships are finding their job somewhat taxing these days.

Last Saturday a cook named Heinz Schulz on the trawler Stalngard thumped the indoctrination officer who tried to stop him from jumping ship in the Kiel Canal and escaped West.

Tuesday police said another seaman named Fritz Stark trounced the indoctrination officer aboard the Gregor J. Mendel and fled West.

# New Far East Aid Plan Pondered—Dulles

## ... 'Reds Plan No War Now'

WASHINGTON (AP)—Secretary of State Dulles said Tuesday the Eisenhower administration is considering a sweeping new Far East aid program to bolster the area against communism.

He told of the plans at a news conference in which he also expressed confidence that Russia, despite its vast military power, does not intend to start a war against the free world at this time.

"As long as we continue strong, united, and ready to fight if necessary, I think that we have a very substantial deterrent against general war," he said.

Dulles said the Western Allies must continue developing their military might in order to convince Russia's rulers that "their best interests will not be served by a general war."

**Best Interests**

"I believe that we are doing that effectively," he said, "and that probably the result of it is that they calculate that a general war would not serve their best interests at the present time."

Dulles revealed the possible new American-sponsored aid program for the Far East in discussing a speech by Japan's visiting Premier Shigeru Yoshida.

In a National Press Club address, Yoshida proposed an Asian "Marshall Plan" involving four billion dollars annually to help build up anti-Communist nations. "There is not much time," he said. "Let us act now."

**War Damage**

He said Marshall Plan funds for West Europe were used to repair and modernize highly developed industrial countries to recover from war damage. In the Far East, no such comparable problem exists.

The United States, however, is urgently discussing the problem with Yoshida and other Far Eastern leaders in order to determine practical and workable limits.

Other officials reported the Eisenhower administration was considering whether to scrap the present administration aid programs which involves spending about 500 million dollars annually in the region. The idea would be to substitute a regional approach which would call for about twice as much money to begin with, provided member nations would lower trade barriers and contribute what they could, as European members did.

## Rep. Harrison Spent \$2,172

Rep. R. D. Harrison (R-Neb) has reported to the secretary of state he spent \$2,172.49 in his campaign for re-election from the Third Nebraska District.

Contributions totaled \$2,175, including \$1,000 from the National Republican Congressional committee and \$1,150 from the state central committee.

Frank McDevitt of Omaha reported expenditures of \$1,467.32 in the campaign for Omaha Public Power District director and Melvin Bekins of Omaha reported spending \$1,367.81 in the same race.

J. LeRoy Welch, Omaha, reported spending \$2,794.23 in the race for University of Nebraska regent.

Legislative candidates reported these expenses: LeRoy Bahensky, Palmer, \$157.62; Lester Anderson, Aurora, \$592.42; Gordon Robbins, Grand Island, \$348.26; Don Thompson, McCook, \$166.77; Harry A. Foster, Omaha, \$240; Hal Bridenbaugh, Dakota City, \$500.30; and William Moulton, Omaha, \$25.

## Mrs. Krieger Dies; Lived In Detroit

Mrs. C. H. Krieger of Detroit, former Lincolnite, died Tuesday.

Mrs. Krieger had resided here until about 1937. She was a member of Calvary Evangelical United Brethren Church.

Surviving are her husband; sons, Wayne and Robert C. Detroit; brothers, Jack Weber of Lincoln and David Weber of Lincoln; sisters, Mrs. Carl Fritzler and Mrs. John Reigert, both of Lincoln.

DODGE has done it... better wait!

# DENVER SITTING BACK, WAITING

## Braley Out, Harris Goes To End; Near Record Crowd Is Predicted

By DON BRYANT  
Sports Editor, The Star

Coach Bill Glassford announced Tuesday that Sylvester Harris, Kansas City, Mo., junior, has been moved from fullback to end in an effort to bolster the Huskers' sagging flanks.

Harris was used at end for a short spell last year and the move this year was necessitated by the loss of Jack Braley as a result of a chest infection and the probable loss of Dean Lux and LeRoy Butcher.

Braley is definitely out of the Pittsburgh Homecoming game Saturday and Glassford said Tuesday that the chances for Lux or Butcher to be ready "look very, very bleak." The latter two boys suffered ankle injuries in the Kansas game last week.

A near-record crowd of 40,000 at the Pitt game appears possible if the 3,500 remaining bleacher seats are sold. All Stadium seats have been sold for over a week.

### First Seats Sold

It also looks like a large band of Nebraskans will make the jaunt to Norman, Okla., for the contest with the Sooners a week from Saturday. The first batch of 1,500 seats allotted to Nebraskans were sold in short order, according to A. J. Lewandowski, NU athletic business manager, and 300 of the additional 1,000 tickets ordered have been sold. The prospects indicate that at least 2,500 Nebraskans will make the trip to Norman for the contest which may draw 55,000 fans.

Only a little bit of rough work was on the Tuesday practice schedule as the Cornhusker started preparing for their 19th meeting with the Panthers. And only the new and sub ends were scheduled for the heavy duty. They are Harris and Jon McWilliams, a converted halfback, Ted Westervelt and Don Hewitt.

Glassford also put some heavy emphasis on passing in the Tuesday drill which indicates the Huskers may be planning a concentrated aerial attack to offset Pitt's gigantic line.

Panther linemen who caught the eye of Scout Don Strasheim were Lou Palatella and Eldred Kraemer, the latter prominent in All-America circles for the past two years and both being given prominent mention this year.

Strasheim also reported that End

John Paluck was "the best defensive end" he has seen all fall. The Pittsburgh line will average about 208-9, some 10 pounds heavier than the Huskers.

### Two Will Scout

Two Nebraska coaches will be on the road scouting future opponents this week.

Bob Faris will watch Ohio State battle Purdue at Lafayette, Ind. The Buckeyes will be the Huskers' second foe in 1955, following the opener with Hawaii.

Ray Prochaska will visit Norman, Okla., to chart the Oklahoma Sooners, Nebraska's next opponent.

### Nebraska Seventh

Nebraska is now seventh in the nation in rushing, statistics reveal. Army is first with 2,309 yards and a game average of 329.9 and in succession UCLA (307.1), Colorado (306), Texas Tech (296.1), Oklahoma (284.4), Penn State (278.5) and Nebraska 277.7.

## Cross-Country Course To Be In Top Shape

### Lincoln Star Special

AMES, Ia.—Iowa State's cross country course, the best in the Big Seven, will be in top shape for the 1954 running of the 3-mile race here Saturday morning.

Coach Burl V. Berry, who hosted a quadrangular meet with Chicago, Kansas State and Nebraska last week, said the course had dried out from the fall rains.

Iowa State will stage the meet for the first time since 1947 when the top 35 distance men from the Big Seven take off at 10:30 Saturday morning.

Kansas State, led by Capt. Al Frame, is favored to win the meet but will get stern opposition from Oklahoma and Colorado. Missouri, Iowa State, Nebraska and Kansas State are figured to fight it out for third.

SYLVESTER HARRIS

## Huskers Absent In Loop Totals

KANSAS CITY, Mo., — The Nebraska Cornhuskers are not conspicuous in the Big Seven statistics, but the team from Lincoln is in the driver's seat to receive the Orange Bowl bid.

The Huskers don't have a man in the 1-2 spots in any of the departments in this week's tabulations, but they own a 4-1 record with only Oklahoma left on the schedule. Kansas State remains the principal threat to the Nebraskans.

Nebraska could clinch the trip itself by downing Oklahoma. Missouri still has a thin chance if it could take Oklahoma and Kansas State, with an assist from Nebraska losing to Oklahoma.

John Bayuk, Colorado fullback, stayed on top in rushing. He has carried 122 times for 732 yards. His teammate, Frank Bernardi, moved up to second with 532 yards and Max Burkett, Iowa State, dropped to third.

Two Oklahomaans, Max Boydston and Tommy McDonald, moved into top spots. Boydston has punted only 9 times for 399 yards, but his average is 44.3. Ted Rhode of Kansas has punted the ball 23 times for a 43.7 average and Carroll Hardy of Colorado owns a 42.3 average on 20 kicks.

McDonald tops the list of punt returners with 5 for 96 yards and a 19.2 average. Pete Middlemist of Colorado went to second with 6 for 108 yards, an 18.0 average.

Missouri's Vic Eaton held on to passing honors. The Tiger has completed 22 of 43 for 361 yards. Jerry Finley of Iowa State stayed as runner-up with 296 yards.

Corky Taylor of K-State didn't catch one last week, but his 11 pass receptions for 239 yards kept him in charge. Boydston of Oklahoma moved up with 6 for 176 yards.

## Kansas City Will Keep Farm Clubs

NEW YORK (AP)—The new Kansas City franchise in the American League will keep the three minor league clubs owned by its predecessor—Ottawa, Savannah, Ga., and Lancaster, Pa.—as a nucleus for an expanded farm system.

Arnold Johnson, whose purchase of the Philadelphia A's and their removal to the Missouri city was approved by the American League Monday, said in a press conference Tuesday definite plans on the farm organization, however, would be left in the hands of a general manager, as yet unnamed.

The A's International League franchise, now located at Ottawa, probably will be shifted to some other city after Johnson meets with officials of the Triple A league. The Philadelphia A's earlier had given up on Ottawa as a site for the franchise.

Savannah is a member of the Class-A South Atlantic League. Lancaster is in the Class-B Piedmont League.

The Lincoln YMCA will hold a meeting Thursday at 7:30 p.m. for all churches interested in joining an inter-church basketball league.

Baseball Is Far, Far Away

Boston Red Sox outfielder Jackie Jensen (left) get an assist from his partner, Boots Erb, at their restaurant in Oakland, Calif. The pair played football

together at the University of California. Boots manages the restaurant year-around with Jackie lending a hand when not playing or practicing baseball. (UP Telephoto.)

## Panthers Drill Hard To Sharpen Aerial Attack

PITTSBURGH (AP)—Pitt's football team, trying to emphasize a better passing attack in preparation for Saturday's meeting with Nebraska at Lincoln, went through a rugged

practice session with the freshman team Tuesday.

Capt. Tom Hamilton, Pitt's interim coach, gave special attention to end Glen Dillon, a senior from Titusville, Pa. He is one of the fastest men on the squad and is expected to see plenty of action against the Cornhuskers.

## Western League's Death Predicted

DES MOINES (AP)—Two Western League club executives have said their league probably will collapse if the American Assn. drafts Denver as it is expected to do.

The Des Moines Register Tuesday night quoted one executive as saying:

"If Denver goes to the association, that will kill Pueblo and Colorado Springs as Class-A drawing cards. Eastern Clubs in the league couldn't afford to travel to Colorado for the kind of gates they'd draw."

The move of the Athletics to Kansas City will hurt Wichita a lot, too. It's only about 200 miles from big-league ball now."

The newspapers did not identify the two club officials.

The American Assn. is entitled to draft one city to replace Kansas City, taken as the new home of the Philadelphia Athletics.

If either Denver or Omaha, said to be the leading choices, are drafted, the Class-A Western League then could draft a city from a lower league or drop one city (Lincoln has been mentioned) and operate as a six-club league.

### Ruel Favors Shift

NEW YORK (AP)—Herold (Muddy) Ruel, general manager of the Detroit Tigers, arrived home from a European vacation Tuesday and voiced approval of the shift of the Athletics from Philadelphia to Kansas City.

"It was the best thing to do at this time," he said. His boss, Walter (Spike) Briggs, was one of the leading opponents of the shift but swung in favor of it at yesterday's meeting of the American League.

Ruel said the Tigers were "very encouraged with our program of last season when we put some very young players on the field. They will be more experienced and better able to carry on this season."

### Ball Handling Stressed

MINNEAPOLIS (AP)—Ball handling was stressed Tuesday in the Minnesota football drills as Coach Murray Warmath ran his team through another of the season's roughest scrimmages.

It was one of the few practice sessions this year when the entire squad was physically able to take part in heavy contact work.

Other workouts Tuesday featured pass offense and defense and polishing plays.

Ticket officials reported a complete sellout with 63,000 expected to jam Memorial Stadium Saturday when the Gophers clash with Iowa.

### Alexander Ready

AMES, Ia. (AP)—Offense and defense as well as individual attention to smooth the rough spots occupied the Iowa State football drill Tuesday.

Bruce Alexander, who was regular right halfback until he injured his ankle in the Missouri game two weeks ago, was expected to play in the Cyclones' final game at Kansas State Saturday.

## Weston Rallies To Win Cage Tilt

Lincoln Star Special  
WESTON — Coach Wes Shepard's Weston High cagers opened their season on a 46-35 victory over Lincoln.

Weston trailed 14-6 at the quarter but stopped the visitors effectively through the rest of the game while Don Bartel and Warren Barry shot the home team to victory.

Lincoln 31 4-33  
Weston 13 13-46

## No Campaign Started To Get Blues Franchise

DENVER (AP)—A red-hot minor league city in postwar years, Denver is sitting back and waiting to be asked to step into faster baseball company.

For weeks the Colorado capital has been considered a leading contender for a berth in the American Assn., once the Philadelphia Athletics were transferred to Kansas City.

But so far, the city administration, the Chamber of Commerce and other organizations have made no effort to crank up any official campaign to bring triple-A baseball to Denver. Such a drive is now under way in Omaha.

### Spacious Ball Park

Denver has a spacious ball park, a history of excellent attendance and a record of championships to justify a leap from the Class A Western League to a higher classification circuit.

But Bob Howsam, president of the Denver Bears, says he can't make a move until invited by the American Assn., or possibly, by some other higher-rated league.

He said "Denver has the population, facilities and the support

## Association To Meet Next Week

LOUISVILLE, Ky. (AP)—An American Assn. realignment meeting Tuesday was scheduled for next Monday or Tuesday in Chicago.

Ed Doherty, association president, said he expects his directors to decide upon a replacement for Kansas City. The American League Monday approved transfer of the Philadelphia Athletics franchise to Kansas City.

Doherty conferred Tuesday with Parke Carroll, general manager of the old Kansas City Blues.

Carroll, top employee of the New York Yankee farm club, asked that Doherty "give us a few days to decide what we want to do."

So far, the Yankees haven't indicated whether they want to continue in the association.

of the fans" to insure success for a jump into the higher minors.

"Under baseball rules, any overtures in a situation such as this must come from the American Assn. to the Western League," Howsam said.

"Naturally, we desire to give Denver the best possible chance. But we realize the problems involved and we do not relish the idea of disappointing the fans if Denver fails of selection."

## Shantz Likes Kansas City

PHILADELPHIA (AP)—Bobby Shantz, star left-handed pitcher of the Philadelphia Athletics, said Tuesday he was looking forward to pitching in Kansas City and that he thought the enthusiasm of baseball's newest major league town would help improve the last-place A's.

Shantz, who recently bought a home in suburban Ambler, said he'd continue to make his home in the Philadelphia area. He went on: "I'm looking forward to pitching in Kansas City. It sounds like the fans are all hopped up and with that kind of backing I don't see how we can fail to improve."

The little lefty, sidelined the last two seasons with a sore arm, said he was fit and that he was confident he would be able to pitch next season.

"I've been feeling fine," he said, "and expect to work out at the University of Nebraska field house this winter when I visit my in-laws in Lincoln."

Shantz won 24 games in 1952 and was the talk of baseball. He was named Most Valuable Player in the American League. He was signed to a two-year contract for \$50,000, so the new owners will have to sign him to a new one this year.

17,500 Capacity  
Denver opened its present park in August, 1948. Its seating capacity is 17,500. The "largest crowd ever to watch a baseball game in Denver—18,792—jammed into the park for an exhibition game by major league barnstorming players on Oct. 14, 1951.

## POINT BLANK

By Don Bryant  
Sports Editor, The Star

Nebraskans who make a habit of visiting the Broadmoor Hotel in Colorado Springs would be in for a surprise if they dropped over to the beautiful golf course nestled beneath the awe-inspiring Rockies that form a spectacular backdrop.

We visited the Broadmoor golf club—under the direction of James Baird—during the Western League baseball meetings last week and to say that things are humming around there is putting it mildly.

Already known far and wide as one of the nation's most picturesque skill-testing golf courses, the Broadmoor is undergoing a face-lifting that will leave it second to none.

A drought that descended on the Rocky Mountain area last summer, crippled the Broadmoor course late in the season, but hard work and new facilities are insuring that such a catastrophe will never happen again. At one point in the middle of the summer, there was absolutely no water available for the course and it began to smoulder.

The fairways could not be cared for, but an effort was made to save the greens and the tees. This effort meant hauling water by truck from Mountain Valley, some 20 miles up in the Rockies.

It was a lot of work, but the tees and greens survived, even if the fairways were thinned considerably. Broadmoor golf patrons won't have to worry about the drought any more because a complete underground watering system is being installed—nine holes at a time.

Actually, the grass on the fairways came back pretty well in the late summer and early fall when some badly-needed rain fell on the course. However, there will be some reseeding necessary, especially on the 10th and 17th fairways.

At the present time, nine holes of the stimulating Broadmoor links are closed so that the watering system can be installed

and other changes and improvements can be made. Here is a sample of what is being done:

No. 13—The lake that bars the path to the green is being enlarged and brought right up to the edge of the green. T. O. Johnston, Broadmoor publicity chief, scored a bulls-eye with his remark: "It will either make a lot of good golfers or the golf ball business will boom."

No. 15—This is now No. 12, a par 5 hole that has been lengthened by 50 yards and has a slight dog leg.

No. 17—New and bigger tee.

No. 16—New tee. In addition, there is a new ladies' tee on No. 15 and the cross traps have been filled in deference to the ladies.

And as if this wasn't enough, Broadmoor Golf Club now has electric golf carts available for the duffers who like to tour the links in style and comfort.

There is a great spirit of pride among the Broadmoor personnel who have been laboring on the golf course and after a tour of the new and improved layout, we'd say that pride is certainly justified.

Incidentally, for the benefit of his many friends in this area, we'll pass on the information that Mr. Charley O'Toole, the personable manager of the Broadmoor, is leaving soon to assume similar duties at the Brown Palace in Denver.

# VAN HORN'S

# Teamwork Given Praise For UCLA Top Rating

By JACK STEVENSON  
The Associated Press

What keeps the UCLA Bruins in championship form? Coach Red Sanders was asked that Tuesday after his smooth, powerful club gained the No. 1 national ranking for the second straight week in The Associated Press poll of sports writers and broadcasters.

His answer: Teamwork.

"There are two things that go to making up a good football team," the coach said: "enough good football players and a fine staff of assistants. I happen to be blessed with both."

Observers might add that a solid job of coaching has as much importance.

## 117 Firsts For UCLA

An even 300 votes were tabulated in the poll this week and 117 had the high-scoring UCLAs in first place as compared with 80 for Ohio State, which drew the second spot, followed by Oklahoma, Arkansas, Notre Dame and Army. Rounding out the Top Ten in order are Mississippi, Southern California, Iowa and Navy.

How good are the UCLAs?  
"This is the best team I've ever coached, period," exclamation pointed," says Red. "To talk of 'team victories' may be rather trite, but in the truest sense this is a team. I don't think the players are conscious of scores or records. They are satisfied to win the games by any margin and don't care who does the scoring."

## New School Record

The Bruins, undefeated in eight games, have rolled up 333 points—40, for a new school record.

"Through the season we haven't been talking any one game," continued Sanders when he came to UCLA in 1949 from his alma mater Vanderbilt, "we just try to improve our team day and without exception every team has done that."

On the theme of improvement, Sanders pointed to a pair of stellar linemen, tackle Jack Ellena and guard Jim Salsbury, both mentioned prominently for All-America honors.

"Both were great defensive players but both have exceeded our expectations offensively this season," the coach says. "En? Bob Long was just ordinary last year. He is one of our most valuable this season."

## Primo's Great Year

Primo Villanueva is having a great year in the tailback position after being just so-so at the season's start as he stepped into the job vacated by All-America Paul Cameron. And powerful Bob Davernport is rated by his coach as "a great runner and terrific blocker—easily the best fullback I've ever had and one of the best I've ever seen."

Miami of Florida and Purdue both dropped out of the Top Ten. The Hurricanes were beaten by Auburn and Purdue took a 25-14 beating from Iowa. With that victory, the Hawkeyes moved into the select group along with Navy's Midships, who beat Duke 40-7.

Ohio State, expected to meet Southern California in the Rose Bowl since UCLA isn't eligible for a repeat showing there, still must get past Purdue and Michigan.

The leading teams with first-place votes and season records in parentheses (wins-loss) are:

1. UCLA (117) (8-0)	2,580
2. Ohio State (80) (7-0)	2,580
3. Oklahoma (44) (7-0)	2,580
4. Arkansas (43) (7-0)	2,580
5. Notre Dame (39) (5-1)	2,307
6. Army (4) (6-1)	1,432
7. Mississippi (6) (7-1)	729
8. Southern Calif. (7-1)	672
9. Iowa (5-2)	561
10. Navy (5-2)	495

## THE SECOND TEN

11. Miami (Fla.) (6-1)	168
12. Cincinnati (5-0)	157
13. Minnesota (6-1)	156
14. Wisconsin (5-2)	110
15. Virginia Tech. (6-0-1)	89
16. West Virginia (2) (5-1)	92
17. Maryland (4-2-1)	84
18. Baylor (6-2)	78
19. Southern Methodist (4-1-1)	63
20. Georgia (6-1-1)	62

## Former Husker Ace To All-World Team

From Press Dispatches  
RIO DE JANEIRO—Three members of the Peoria, Ill., Caterpillars, the team that swept the world basketball championship last week as the U.S. representatives, have been named to the world All-Star team selected by the newspaper Tribuna de Imprensa.

The U. S. players named were Bill Johnson, former University of Nebraska star, Joe Stratton and Jim Minter.

## Entries For Cage Loops Close Today

This is the last day of registration for the City Recreation Department basketball leagues.

Play to determine classification of teams will start Monday and continue through the week. League play will start the following Monday.

Thirty-five teams are registered.

Set For Concordia Finale

Jess Kunkel, guard from Tulsa, Tex., (left) and Ted Aufdemberg, end from Oconomowoc, Wis., both juniors, will be two strong forces in the Concordia lineup in the college's last game against Yankton College Saturday. The game will be in Seward, and closes a successful year for the Bulldogs, Concordia lost only to Peru so far this season. (Photo Special to The Star.)

## Arkansas' Bud Brooks Is Week's Top Lineman

By THE ASSOCIATED PRESS

Bud Brooks, who isn't large for a football lineman, has been the big man in the Arkansas front wall through most of this all-winning season for the Razorbacks. And Tuesday he was named The Associated Press Lineman of the Week.

Last Saturday, Rice forced Arkansas Coach Bowden Wyatt to abandon his two-unit system and he left Brooks in there for 58 minutes.

The 190-pound senior from Wynne, Ark., performed so well in that long stint that he was selected over such well-recommended linemen as Baylor's Henry Gremminger, Cornell's Jim Van Buren, Richmond's Billy Thacker and Georgia Tech's Franklin Brooks, another stickout guard, by sports writers and broadcasters participating in the weekly AP poll.

## Best Game Of Season

Bud Brooks, whose experience and steady play has been an important factor in steadying the youthful Arkansas team through seven straight victories, played his best game of the season as the Porks turned back Rice 28-15 and virtually sewed up the Southwest Conference title. And on two occasions he made the tackles that stopped Rice within striking distance of touchdowns—once on the 7 and once on the 11.

Gremminger's performance at end also was tabbed as his best of the year. He rushed the Texas passers, throwing them for losses of over 20 yards, made a fine catch to keep a touchdown drive going and threw the key block on Billy Hooper's touchdown run that won for Baylor.

Thacker was outstanding on defense for Richmond against Wake Forest, holding the Deacons to 85 yards on the ground and making an all-important tackle when he threw Bill Barnes back from the 5 to the 9 on fourth down when Wake Forest looked to be rolling toward a score.

## Other Nominees

Others nominated this week were:

Guards — Bill Meigs, Harvard; Ralph Chesnut, Army; Len Benzi, Navy; Frank Mincewich, South Carolina; Anthony Sardisco, Tulane.

Tackles — Bob Bartholomew.

## Troy Pounds Out Win Over Turner

KANSAS CITY (AP)—Willie Troy, sixth-ranking middleweight from New York, pounded out a unanimous 10-round decision Tuesday night over Jesse Turner of St. Louis in Municipal Auditorium.

Turner weighed 159½ and Troy 162½.

The St. Louis middleweight showed surprising strength in the early rounds and staggered Troy several times with hard lefts and rights.

However, the New Yorker, who has his eye set on a title fight against middleweight king, Bobo Olson, seemed to grow stronger from the sixth round on.

## Flader Wins Shoot

Floyd Flader shot 203 Tuesday night at the University of Nebraska Naval ROTC range to win the weekly shoot of the Lincoln Rifle and Pistol Club.

J. Ceraolo and W. Welty pressed with 282.

Finishing behind the leaders were Bob Deitemeyer, R. Jewett, Art Stough, P. Haye, H. Ress, B. Lovelace and J. Wagener.

**NEW CONOCO Super MOTOR OIL**

America's First Double-Duty Oil!

Protection 1

**OIL-PLATING®**

conquers friction wear . . . because this exclusive discovery actually fastens a thin film of lubricant to moving engine parts for full-time protection.

CONOCO SUPER MOTOR OIL HEAVY DUTY

Protection 2

**ACID-PROOFING**

conquers corrosive wear . . . because this exclusive new discovery gives Conoco Super up to twice the cleansing power of other premium oils!

Automotive Engineers have long known that friction and corrosion are the two major causes of engine wear. Now, from the laboratories of Continental Oil, comes America's first Double-Duty motor oil. It combines two exclusive discoveries (Oil-Plating and Acid-Proofing) to conquer both major causes of engine wear.

The unique Oil-Plating additive conquers friction wear by actually fastening a thin film of protective oil to engine parts. Unlike ordinary motor oil, this film won't drain down even when your engine has been stopped overnight. Thus you get full-time protection against damaging wear due to friction.

Exclusive Acid-Proofing additive conquers corrosive wear three ways—it neutralizes acids, prevents rust, and gobbles up tiny particles of dust, dirt, and water and seals them safely in spheres of oil until the oil is drained. ACID-PROOFING actually gives new Conoco Super twice the cleansing power of other premium oils!

New Conoco Super Motor Oil is on sale at Conoco dealers everywhere. Drive in and ask for it today!

Your Conoco dealer will recommend the right grade of new Conoco Super Motor Oil for your car, your climate, your driving conditions.

# Leigh Is Top Nebraska Six-Man Football Team

By BILL FITZGERALD  
Star Sports Staff Member

A challenger last season and a champion this fall.

The line applies to the Leigh Panthers, the Colfax County power team which almost won The Star's six-man football title in 1953 and which today is awarded the 1954 crown.

Coach Jack Sloey's team knocked over seven consecutive opponents while extending its victory streak over three seasons.

No one came close to the Panthers on the six-man field. A 53-point offensive average wrecked all Leigh foes.

The closing 61-18 triumph over a respected St. Edward team was the highlight of the year.

Undefeated Paxton takes second on a 9-0 record which includes a smart 40-19 victory over Farnam, the star's No. 6 team.

**No Close Games**

Paxton, coached by Bill Paden, experienced no close games and pounded its central-state foes with an explosive attack. The Paxton defense, by the record book, is more vulnerable than that of Leigh.

Norfolk Sacred Heart closes in third place with an 8-0 season. The Knights, consistently a strong 6-man team, were pressed only by Dwight Assumption 31-19.

Dwight Assumption finished in tenth place with a 6-2 slate. The Bluejays lost to Leigh 56-25 and to Sacred Heart early in the season but came on to whip six teams and finish with power.

Diller from southeast Nebraska is fourth after dropping nine foes in order. A 32-16 victory over Filley was the closest performance achieved against the Eagles of Coach Bill Morrow.

**Eight In Row**

Coach A. D. Chapman's Sterling Maroons take fifth. A natural opponent for Diller in a bowl game, Sterling went through eight teams without a slip, quite an achievement in 6-man football in which upsets are common and an injury to one key player can wreck a fine ball club.

Sterling's closing victory over Filley (49-18) was a big boost to the Maroon record. Sterling also stopped Talmage, a capable team, and defeated able Elgin by 23 points.

To Farnam falls sixth place. The Greenbacks of Coach Allen Wright beat a good Red Willow Club 43-26 and topped Wilsonville 49-0 last week.

Farnam will close against Edison Armistice Day.

Indianola, No. 7 this fall, was an outstanding team last season and almost won everything this time.

Coach Marion Moss' Chiefs won six straight before dropping a 34-36 game to strong Loomis. Losses to Red Willow and Bartley keep Loomis from the Top Ten.

Doniphan in eighth and Elgin in ninth complete the field. Doniphan, coached by John Pollard,

won nine games after a slow start.

The Cardinals had close wins over Palmer, Kenesaw, Axtell and Bradshaw before they exploded for high points against four late foes.

Elgin lost to Sacred Heart in an early game (13-41) but came back strongly for six victories. Coach Doc Johnson's Eagles were never pressed after the loss to the strong Knights.

**Bowl Is Favored By Omaha Squad**

OMAHA (U)—The Omaha University football squad is unanimously in favor of accepting a New Year's Day Bowl bid if one is offered the undefeated Indians. Omaha has won eight games and has one to play.

Earlier, the faculty athletic committee voted in favor of accepting a bid. School officials have said they have received "several feelers," including one from Tangerine Bowl, Orlando, Fla., officials.

**Ex-Sooner Star Signs New Pact**

WICHITA, Kan. (U)—Jack Mitchell, 30, head football coach at Wichita University since 1953, has signed a new 10-year contract, it was announced Tuesday.

The Missouri Valley Conference school said the contract gives Mitchell a five-year renewal option at the end of the 10 years. It also provides for a salary increase by schedule, from Mitchell's current \$9,000 a year to \$12,500.

A former All-American and All-Big Seven Conference quarterback at Oklahoma, Mitchell came here from Texas Tech, where he served as a backfield coach. His Wichita Wheatshockers now hold a 6-1 season record.

# First Rated Links To Get AP State Football Trophy

By RANDALL W. BLAKE

OMAHA (U)—Lincoln High School will receive the 1954 Associated Press Members state football championship trophy.

Lincoln, setting a new scoring record for the school, roared through a nine game schedule with ease and received 12 first place votes in the final balloting of the members.

Creighton Prep, 8-0, and undefeated for the second straight year, received one first place vote and all the other second place

votes. The young Bluejays have won eight games and have one left with Boys Town.

Lincoln and Prep played five common opponents during the season and in each case comparative scores — for whatever they are worth — favored the Links.

Omaha Benson, 7-1 and beaten only by Prep, finished in third place, getting 102 points on the 10, 9, 9, etc scoring system. The Bunnies collected 11 third place ballots, the other two going to

The AP Top Ten		
Team	Record	Pts.
1. Lincoln	8-0	129
2. Creighton Prep	8-0	118
3. Omaha Benson	7-1	102
4. Grand Island	5-3-1	92
5. North Platte	6-2-1	77
6. Hastings	6-3	60
7. Beatrice	6-3	49
8. Kearney	7-1	40
9. Falls City	5-0	22
10. Lincoln Northeast	5-4	13

Grand Island, the No. 4 team and state champion a year ago.

Grand Island has a 5-3-1 record. The losses were to Lincoln, Prep and Lincoln Northeast. The tie was with North Platte, the No.

5 team.

North Platte has a 6-2-1 record, losing to Lincoln and McCook.

As champions of the East and West divisions of the Big Ten, Grand Island and North Platte meet at Grand Island this week in the conference title game. The regular season meeting ended 0-0, but Grand Island is favored in the championship game.

In the second division are Hastings, 6-3; Beatrice 7-2; Kearney 7-1; Falls City 9-0, and Lincoln Northeast 5-4.

# School Bond Issue Cut To \$10,000,000

By BILL DOBLER  
 Star Staff Writer

The Board of Education has lowered its sights \$500,000 down to a \$10 million bond issue for new school construction.

Preliminary estimates by Superintendent of Schools Steven N. Watkins had placed the financial needs for construction at \$10.5 million. A later and more detailed report by Dr. Watkins showed that the job could be completed for \$10 million.

The Board has set the date of Feb. 8 for a special election to vote on the proposed bond issue. Official approval of this date and the amount of the issue is awaiting passage of a resolution now held up for the conclusion of certain details.

**Resolution Held Up**

One of these details, the hiring of a fiscal agent to give expert advice on the sale, will be concluded Thursday when the Board meets to interview representatives of various financial houses from Lincoln and Omaha.

In presenting his new facts to the Board, Dr. Watkins previewed figures on future enrollments and classroom needs that will be presented to various groups in the city between now and election.

Prepared tables show that the more than 11,000 elementary enrollment in Lincoln's schools today will grow to more than 17,000 in 1959. Today's secondary figure of more than 6,000 will hit 12,500 by 1965, according to the charts presented by Dr. Watkins.

As to classrooms, there are 250 available to the secondary level today as compared to a 1960 need of 366 and a 1965 need of 504.

By 1960, Dr. Watkins noted, there will be an additional 9,000 pupils, more than one-half of the present enrollment. This, he said, will require 300 additional classrooms and 300 teachers.

To meet these requirements, Dr. Watkins said, calls for the equivalent of 15 school buildings equal in size to Bethany, Hartley, Havelock, Holmes, Saratoga and Sheridan.

But broken down for each individual taxpayer, the report by Dr. Watkins was far from discouraging. The \$10 million issue, he said, would mean a net increase in the district's levy of 2 mills, based on today's valuations.

This, he pointed out, is equal to \$2 per \$1,000 of assessed valuation or about 65 cents a month in taxes to the average home owner in Lincoln. This average is based on a home actually valued at about \$7,000 and assessed at one-half the actual value.

## First Money From Bond Issue Already Committed For Study

The Board of Education has taken steps to make the first commitment of funds out of the proposed \$10 million school bond issue to be voted upon Feb. 8.

First work under the proposed new bond issue, if it is approved, will be additions to four schools involving a total of 33 new classrooms. The schools involved and additions to be made:

Holmes, 11-room addition.  
 Randolph, four-classroom addition.  
 Belmont, 12-classroom addition.  
 East Huntington, six-classroom addition.

Tentative plans have also been made for other work to be done under the \$10 million issue but these plans, according to Superintendent of Schools Steven N. Watkins, are not far enough along to announce at this time.

The Board has authorized its architectural sub-committee to bring in recommendations at the next regular board meeting for the hiring of architects to prepare plans for the above four additions.

"We have discussed the commitment of funds under the \$10 million bond issue," Dr. Watkins stated, "and have decided to go ahead with these plans even though the bond issue has not yet been approved. This work is desperately needed."

"Of course, if the bond issue should fail, the Board will have tied itself to a tax levy to pay off fees involved with the preparation of plans. It would be impossible to go ahead with the planned construction if the bond issue fails."

"A straight tax levy for this much work to be paid for all at once would be unbearable."

In other action, the Board discussed the acquisition of property in Eastborough Addition, a new housing development by Strauss Bros. at 70th and Vine. If the more than 300 homes as now planned are constructed in the area, the Board intends to erect a school in the new addition.

# County Board Raps 'No Raid' Assurance To NU Students

... Operator Is Correcting 'False Information'

A letter sent to University of Nebraska fraternity houses assuring students of no "raids" or "arrests" at Kings Ballroom drew a sharp reprimand Tuesday from the Lancaster County Board.

The letter and situation was aired before the board with representatives of the University and State Liquor Control Commission in attendance.

Ballroom Manager Sam J. Stevens explained to the board he had not intended to give that impression and another letter correcting the false information is being mailed.

## Gave Approval

He explained that he did not write the letter personally, but it was mimeographed and mailed with his approval.

The letter said in part "I am writing this letter to clarify certain rumors in regard to

students being 'picked up' at Kings for drinking.

"There has not and will not be any 'raids' or 'arrests' at Kings. I have personally visited with the State Liquor Commissioner and the County Commissioners.

(and) came away satisfied there will be no raids on Kings."

Stevens explained he had "had phone calls and letters from people afraid to come out to dance (at the ballroom) I was only trying to convey the impression that we had had no trouble."

Admits Wrong Impression

He admitted he had not visited the Liquor Commission and the letter conveyed the wrong impression of his visit with the board.

"My second letter will correct this impression," Stevens said. The second letter says in part

"I have not visited the State Liquor Commission, and wish to correct this false information. I visited with the county commissioners and at that time they had no complaints about our operation at Kings... and as long as I continued to operate with regulations set down by them, there should be no trouble."

## Rules the Same

Commissioner Chauncey Barney said his attention was directed to the letter by phone calls from fraternity advisors and the inter-fraternity council advisors.

Barney said Stevens and others had been invited to the meeting so the situation could be cleared up.

"There are no different rules for

university students or others (regarding drinking by minors) inside the city or in the county," Barney said.

Dean of student affairs J. P. Colbert commented that the Chancellor Clifford Hardin "has made it clear to the (University) student body that all are subject to state law."

Tal Coonrad, state liquor com-

missioner, said it was evident that Stevens "needs a new press agent."

## 'Needs New Agent'

During the meeting, Barney revealed a special investigation for the board has been made of county-licensed establishments and night spots in connection with drinking by minors or their teenage attendance.

The report on Kings Ballroom revealed an orderly operated

establishment and well-mannered with no evidence of drinking by minors.

Board Chairman Russell Brehm said no trouble or complaints on the ballroom or the Highway Club (a week-day operation in the ballroom) had been received, but that Stevens had been called in for warning against sending out "more letters like that first one."

Stevens said, "It won't happen again."

## Cook's Tour

BERRYVILLE, Va. (AP) — Sen. Harry F. Byrd has been inviting friends and neighbors to a picnic at his apple orchard here for 32 years. This year 3,200 were supplied with fried chicken, ham and the trimmings. When time came for dignitaries to be introduced, Sen. Byrd introduced the cook.

## Only 9 New Polio Cases Reported

Nine new cases of polio in Nebraska last week was the smallest number for any week since June 26.

The total for the year now is 684, compared to 216 at this time last year and 2,072 at this date in the epidemic year of 1952.

The worst week this year was the seven-day period ending Sept. 11, when there were 88 cases.

Adams County had four cases last week. Polk had two, and Franklin, Lancaster and Nemaha had one each.

It's a better neighborhood since we paved with **CONCRETE**

"I WISH we had put concrete on our streets long ago. Aside from being the best to drive on, it keeps clean, looks better, and makes our neighborhood more desirable. Property values are up."

That's not half the story. Your own experience tells you that concrete helps you to drive safely; that it effectively checks skidding; that its light-colored surface improves visibility at night.

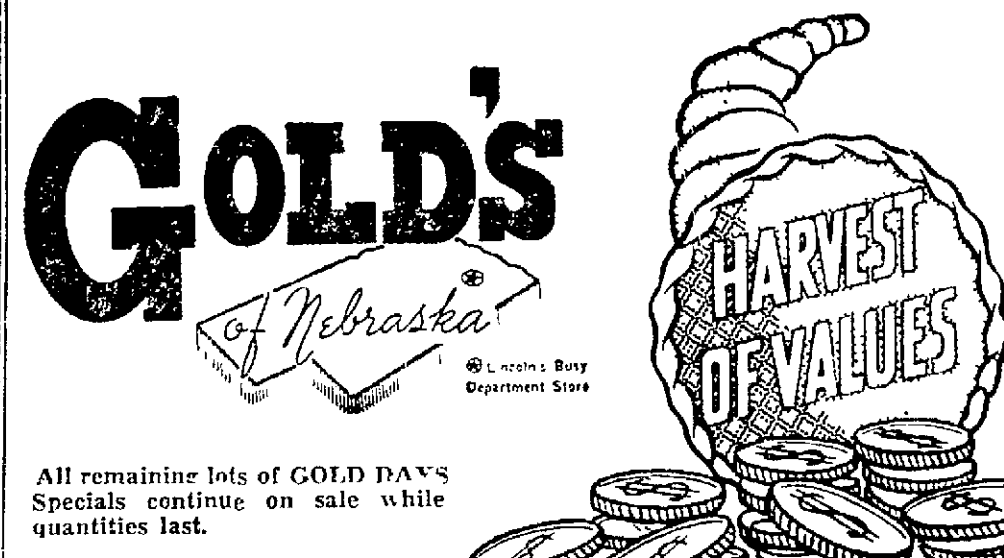

Concrete saves you money because it is moderate in first cost, low in upkeep and long lasting. **It is your money, your gas taxes, your license fees and other taxes—that pays for paving.**

Be guided by your experience and observation. When your streets come up for paving—insist on concrete.

**PORTLAND CEMENT ASSOCIATION**
